<b>1.</b>	<b>EXECUTIVE SUMMARY</b>
1.1	This report informs members of the Integration Joint Board (IJB) of the work undertaken within the North Ayrshire Health and Social Care Partnership (NAHSCP) nationally, locally and Ayrshire wide.
<b>2.</b>	<b>CURRENT POSITION</b>
	<b>National Developments</b>
	<u>Standards Commission for Scotland</u>
2.1	The Standards Commission for Scotland have advised of their intention to organise a training workshop in 2018 for all members of Health and Social Care Integration Joint Boards. It is intended that the workshops will include discussion on topics such as identifying conflict of interests, being clear about the capacity in which individuals appointed to the different organisations are acting, and resolving any cultural clashes that arise on Boards comprising of individuals from different organisations. Further details on dates and venue will be circulated and published in due course.
	<b>North Ayrshire Developments</b>
2.2	<u>The Art of the Future</u>
	Young people from Rosemount attended a private viewing of a new exhibition <b>The Art of the Future</b> <a href="https://www.nationalgalleries.org/exhibition/art-future">https://www.nationalgalleries.org/exhibition/art-future</a> at the Scottish National Gallery in Edinburgh. This exhibition will include Rosemount's most recent collaboration with National Galleries of Scotland. The artwork on display is the outcome of a mail art project that encouraged youth groups to make art from random materials they received in the post. <b>The Art of the Future</b> exhibition is part of the <u>Year of Young People 2018</u> and offers a unique insight into how young people see

the world they live in. The exhibition is free and is open to the public from **10 February to 29 April**. Pop along and have a look – it's sure to be inspirational and thought-provoking!

### 2.3 Wellbeing and Recovery College Pilot

We are piloting a new opportunity for people affected by mental health problems (aged 16 and over) to participate in a range of courses that focus on wellbeing and recovery. The courses will be run in venues across North Ayrshire. They will provide safe spaces where people can improve their knowledge of mental health, learn self-management techniques and receive and provide peer support.

The pilot is being managed by representatives of NAHSCP along with community partners and individuals with lived experience of mental ill health.

The range of courses includes, Write to Recovery, Living Life to the Full, WRAP (Wellness Recovery Action Planning) and Crafty Corner. For more detail or to apply to take part contact KA Leisure at [recoverycollege@kaleisure](mailto:recoverycollege@kaleisure) or call 07769935734.

### 2.4 Staff Partnership Awards – 28<sup>th</sup> February 2018

Unfortunately, due to the adverse weather conditions, we took the decision to cancel Staff Partnership Awards on 28<sup>th</sup> February 2018. Whilst we continued to cover essential services, it was felt that asking people to come out when not absolutely necessary was too much of a risk. We have a provisional rescheduled date of 29<sup>th</sup> March 2018 so watch this space.

The 'beast from the East' aka Snowstorm Emma arrived last week with a ferocity that no amount of preparedness could truly cope with. Whilst some parts of North Ayrshire avoided the worst, the North Coast and the Garnock Valley were particularly badly affected. In addition, staff travelling from further afield had significant issues.

Despite all of that, the response of front-line staff to the challenge of maintaining service delivery was first class. The efforts of staff throughout the week was hugely appreciated, not least by the people who receive our services.

	Stories of how people have responded to the weather continue to appear on social media, for example colleagues in the Place Directorate assisted Care at Home staff to access vulnerable older people by clearing a route in Skelmorlie.
2.5	<u>Family Nurse Partnership</u>
	<p>As we enter our 5<sup>th</sup> year of Family Nurse Partnership in Ayrshire and Arran we are moving to a programme of expansion which will enable us to offer the programme to all eligible clients. The programme will continue to be offered to all women of 19 years and under having their first child and will be extended where capacity allows, to include women of 20-24 years who have additional vulnerabilities for example, previous care experience, mental health concerns, experiencing domestic abuse.</p> <p>We have recently recruited one further Supervisor and 3 Family Nurses, with a further 5 nurses to be recruited incrementally by March 2020. We will also explore different models of programme delivery including the option of joined up regional delivery with colleagues in Dumfries and Galloway.</p>
2.6	<u>Learning Disability Services Update</u>
	<b>Learning Disability Strategy</b> - A consultation event on the development of a commissioning strategy (2018-2021) for LD, mental health and physical disability services took place on 21st February 20-18 at Saltcoats Town Hall.
	<b>Redesign of Overnight Supports</b> - Service users have been advised of the review of overnight supports. It is proposed to introduce assistive technology to provide support in a less intrusive manner. Elected members, care inspectorate, legal service and advocacy have been updated on progress to date and pilots have been implemented to trial out a responder type service. Carer and Family information sessions have also taken place on the finer details of the overnight supports review.
