NORTH AYRSHIRE COUNCIL

26 January 2021

| | Cabinet |
|-----------------|---|
| Title: | Revenue Budget 2020/21 : Financial Performance to 30 November 2020 |
| Purpose: | To advise Cabinet of the financial performance for the Council at 30 November 2020. |
| Recommendation: | That Cabinet agrees to (a) note the information and financial projections outlined in the report; (b) approve the earmarking of £2.888m identified at 2.6 to meet future year commitments; (c) note the current financial projection for the Health and Social Care Partnership at 2.7; and (d) approve the virements detailed in Appendix 7. |

1. Executive Summary

- 1.1 The General Services Revenue Estimates for 2020/21 were approved by Council on 5 March 2020. The Housing Revenue Account (HRA) Revenue Budget for 2020/21 was approved by Council on 18 December 2019.
- 1.2 As part of the monitoring procedures to keep the Cabinet informed of the financial performance of the Council, financial performance reports are presented on a regular basis. This is the third report for 2020/21 and covers the period to the end of November 2020 (Period 8). Projections to the year-end have been made.
- 1.3 At Period 8 the General Fund is forecasting a net breakeven position for the year after transferring resources to other funds, an improvement of £0.842m from that reported at Period 5. Although the majority of savings are on track for delivery by 31 March 2021, a number of services are reporting implementation delays due to the impact of the Covid-19 pandemic.
- 1.4 The Housing Revenue Account is forecasting a net in-year underspend of (£2.939m) (5.8%), an increase of (£0.247m) from that reported at Period 5.
- 1.5 The Health and Social Care Partnership is forecasting an underspend of (£0.807m) at the end of November 2020, an improvement of (£0.816m) from that reported in August. The Council Services element is a projected overspend of £0.371m, a reduction of (£0.384m), and this is offset by an underspend on the Health Services element of (£1.178m), an increase of (£0.432m).

- 1.6 This position excludes any impact presented by Covid-19 which is being monitored in parallel through NHS and the Scottish Government. The estimated additional Mobilisation Plan costs to March 2021 are £8.508m. This includes net additional costs of £7.376m and anticipated savings delays of £1.132m. The impact of the savings delays has been included in the core financial projection noted at paragraph 1.5, on the basis that there is less confidence that funding will be provided to compensate for this. In relation to the net additional costs of £7.376m, the IJB has yet to receive confirmation of the full funding allocation. At November 2020 additional funding of £6.266m has been allocated, resulting in a potential shortfall of £1.110m. However, further allocations are expected in January 2021.
- 1.7 The major risk to the forecast position is the uncertainty around the progress of the Covid-19 pandemic. The recent imposition of Tier 4 restrictions and ongoing impact of any future restrictions are expected to result in more constrained working environments, resulting in additional cost and income pressures throughout the remainder of the current financial year. Further grant support is anticipated in relation to specific cost pressures. However, it is currently anticipated that any additional grant funding in relation to income loss recovery received during 2020/21 will be required to support the legacy impact of Covid-19 on income streams in the next financial year.
- 1.8 Local authorities continue to engage with COSLA and the Scottish Government around additional support measures including a range of financial flexibilities which may be applied to address the financial impact of the pandemic on both the revenue and capital accounts. However, based on the draft guidance issued by the Scottish Government, the medium term benefits to North Ayrshire are limited. It is currently envisaged that these measures may be more effectively utilised to offset the potential legacy cost and income pressures of the pandemic in the next financial year.

2. Background

General Fund

- 2.1 The Council has set a breakeven budget for 2020/21. In addition to the budget approved on 5 March 2020, earmarked funds of £8.968m have been carried forward from 2019/20 for service expenditure in 2020/21 and are reflected in the figures within the 2020/21 financial performance reports as they are drawn down.
- 2.2 Current financial projections indicate that a net breakeven position, net of transfers to reserves, is anticipated for the year to 31 March 2021.

2.3 Details of the current financial projections are summarised in the following table:

| Service Expenditure Chief Executives Communities Place Other Corporate Services Sub Total Health and Social Care Partnership Balance for Services | Appendix No 1 2 3 4 - 8 | Annual Budget £000's 21,854 145,200 66,265 20,314 253,633 98,265 351,898 | Projection to 31 March 2021 £000's 22,187 144,990 68,586 12,355 248,118 98,265 346,383 | Projected Variance for year (Fav)/Adv £000's 333 (210) 2,321 (7,959) (5,515) - (5,515) | Projected Variance @ Period 5 (Fav)/Adv £000's (77) 1,118 3,729 (6,587) (1,817) | (1,328) (1,408) (1,372) (3,698) | Note (i) (ii) (iii) (iv) 2.7 |
|---|--|---|--|---|--|--|---|
| Financing Charges | 5 | 13,644 | 13,644 | - | - | - | |

| Total Planned Expenditure | _ | 369,183 | 363,668 | (5,515) | (1,817) | (3,698) | |
| Planned Income Aggregate External Finance Council Tax Use of Earmarked Funds Total Planned Income | 5 5 5 - | (307,561) (59,447) (2,175) (369,183) | (58,540) (2,175) | - 907 - 907 | - 939 - 939 | (32) | |
| Net Expenditure/ (Income) Carried Forward Funds Revised Net Expenditure/(Income | - = -) | - | (4,608) 4,608 - | (4,608) 4,608 - | (878) 1,720 842 | (3,730) 2,888 (842) | |

- 2.4 A major degree of uncertainty remains in relation to the forecast position in relation to the ongoing restrictions associated with the Covid-19 pandemic. Within Building Services, the Tier 4 restrictions announced prior to the Christmas break are expected to result in a more constrained working environment than previously anticipated. This will have an impact on the current operating model and will result in increased costs for the remainder of the financial year. Within Communities, an increased level of support for KA Leisure has been estimated with significant cost pressures likely to continue into 2021/22. Although additional grant funding in relation to income loss recovery is anticipated during 2020/21, it is projected that this will be required to support legacy impact of Covid-19 on income streams during 2021-22 and possibly beyond.
- 2.5 The reported Planned Income includes one adjustment to Scottish Government funding from that reported at Period 5, as detailed in the following table:

| | Revenue | Non | | |
|--|-----------|----------|----------|-----------|
| | Support | Domestic | Specific | TOTAL |
| | Grant | Rates | Grants | AEF |
| Planned Income | £000's | £000's | £000's | £000's |
| Revised Budget 31 August 2020 | (262,264) | (24,847) | (19,973) | (307,084) |
| Movements: Education Recovery Funding | (497) | | | (497) |
| Revised Planned Income | (262,761) | (24,847) | (19,973) | (307,581) |

2.6 Commentary on Significant Movements from the Revised Budget

The Council's overall financial forecast against the revised budget is a net breakeven position. A brief explanation of the significant movements from the previous forecasts is outlined as follows:

(i) Chief Executives – overspend of £0.333m, a movement from the previously reported underspend of £0.410m

The movement is primarily related to:

- Updated projections in relation to Housing Benefits, including reduced debt recovery in relation to Housing Benefit Overpayments, £0.455m;
- Unavoidable IT upgrade costs in relation to Lagan, £0.067m;
- Reduced income projections in relation to the Registration Service, (£0.053m); and
- A reduction in the previously reported underspend related to the postponement of the Making Waves festival, £0.020m. As a result, the amount previously approved for earmarking in relation to the festival has been reduced to £0.030m.

These have been partly offset by vacancy management underspends across services, (£0.118m).

(ii) Communities – underspend of (£0.210m), a movement from the previously reported overspend of (£1.328m).

The movement is primarily related to reduced expenditure in relation to the revised implementation plan for the expansion of Early Learning and Childcare, (£1.389m).

It is requested that £1.612m is earmarked for use in future years in relation to \pm 1.547m ringfenced Early Learning and Childcare funding to support the delivery of the programme in future years and \pm 0.065m within Connected Communities to support the IT replacement programme within Libraries.

(iii) Place – overspend of £2.321m, a reduction in overspend of (£1.408m)

The reduced overspend is primarily related to :

- A reduction in Facilities Management costs linked to the revised implementation plan for the expansion of Early Learning and Childcare, (£0.556m);
- Additional specific grant funding in relation to Education Recovery and Free School Meals, (£0.583m);
- Reduced overtime costs within Facilities Management, £0.226m;
- Reduced fuel costs across the fleet, (£0.172m); and
- Lower than anticipated in year costs related to the delayed start of the Modern Apprentice and Skills for Life programmes due to Covid-19 restictions, (£0.306m).

These have been partly offset by:

- Additional Energy and Sustainability costs resulting from the Covid-19 operational practices, £0.099m;
- Additional Transport fleet and external hires costs, £0.187m; and
- Additional costs within Waste Services linked to Covid-19 related employee costs, additional third party payments in relation to recycling and organic waste contracts and reduced income from gas extraction and commercial waste services, £0.383m.

In order to mitigate any additional impact on the 2021/22 budget, it is requested that £0.546m is earmarked for use in future years in relation to a range of pressures as a result of delayed expenditure during 2020/21 as a consequence of the pandemic. This includes £0.090m to offset future year shortfalls in the Housing First budget; a further £0.062m in relation to the introduction of Cashless Catering; £0.056m to support the critical traffic sign replacement scheme; £0.033m in relation to the delayed start to the Skills for Life programme; £0.201m in relation to the delayed start to the Skills for Life programme and £0.034m to support the Community Wealth Building Programme following recruitment delays.

(iv) Other Corporate Items – underspend of (£7.959m), an increase in underspend of (£1.372m)

The increased underspend relates to (£0.785m) of additional Scottish Government funding in relation to Covid-19 which offsets significant demand led pressures in relation to reduced Council Tax collection rates, additional Council Tax Reduction claims and reduced Housing Benefit overpayment recoveries within the Chief Executive's service; and (£0.827m) of centrally held payroll and utility pressure budgets which are not anticipated to be drawn down during 2020/21.

These have been partly offset by the additional virement of £0.240m in relation to Scottish Government funding transferred to other services to offset non-service Covid-19 costs.

It is requested that ± 0.750 m is earmarked to the support the 2021/22 - 2023/24 Medium Term Financial Plan.

Health and Social Care Partnership

2.7 A copy of the HSCP financial performance report as at the end of November 2020 is attached at Appendix 8. The report highlights the key challenges and variances for the Partnership.

The key points for Cabinet to note are summarised below:

- The projected outturn is a year-end underspend of (£0.807m) for 2020-21, which is a favourable movement of (£0.816m) from the previous reporting period. The projected overspend on the Council Services element is £0.371m, an improvement of (£0.384m) over the same period. This is offset by a projected underspend on Health Services of (£1.178m), a favourable movement of (£0.432m);
- The main areas of pressure continue to be learning disability care packages, looked after children and adult in-patients within the lead partnership. However, there has been significant progress to reduce the pressures in these areas;

- The most up to date position in terms of the mobilisation plan for Covid-19 based on the return to the Scottish Government in November projects £8.508m of a financial impact, which is split between additional costs of £7.376m and anticipated savings delays of £1.132m. The impact of savings delays has been built into the core financial projection above on the basis that there is less confidence that funding will be provided to compensate for this. There are financial risks associated with Covid-19 as the IJB has yet to receive confirmation of the full funding allocation. To date North Ayrshire have been allocated funding totalling £6.266m;
- There is a risk that there may be a shortfall to fully compensate the North Ayrshire IJB for the additional costs of £1.110m. However, there is no recommendation at this time to implement a Financial Recovery Plan on the basis that
 - There is increasing confidence that additional costs will be funded with further allocations expected in January 2021;
 - Offsetting reductions of (£0.530m) have not been included in the overall funding allocation; and
 - The most significant area of additional Covid costs are the purchase of PPE for social care and sustainability payments for commissioned social care providers (£3.801m in total). Both areas have been implemented with an assurance that the actual costs will be fully reimbursed.

Continued progress towards financial balance together with confirmation of funding in relation to Covid-19 mobilisation costs is essential to minimise further financial risk to the Council within the context of the current debt of £5.293m.

Savings Update

- 2.8 The 2020/21 General Services Revenue Estimates included targets for savings of £4.439m across all services. At 30 November 2020 the majority of savings are on target for delivery by 31 March 2021 with the primary exceptions being those impacted by the Covid-19 pandemic. These include:
 - Planned savings from the review of Facilities Management provision across Educational Establishments which are unlikely to be fully achieved due to the additional requirements arising from the Covid-19 pandemic and delays in the implementation of 1140 hours provision within Early Learning and Childcare;
 - Planned savings linked to Property Rationalisation which have been delayed due to delays in the review of operational properties and additional service requirements linked to the Covid-19 pandemic;
 - Delays in realising savings from the review external residential placements which will not be fully implemented during 2020/21; and
 - Other minor shortfalls in the delivery of planned savings linked to the revisions required by the Covid-19 pandemic in relation to reviews of the Additional Support Needs, Music and Education Psychology services and capital programme design work.

Housing Revenue Account

2.9 The Housing Revenue Account budgeted for a breakeven position in 2020/21 and an in-year underspend of (£2.939m) is currently anticipated for the year to 31 March 2021, an increase of (£0.247m) from that previously reported. This is summarised in the following table with further details provided in Appendix 6.

| | Annual Budget | Projection to 31 March 2021 | Projected Variance for year (Fav)/Adv | Previous Variance @ Period 5 (Fav)/Adv | Movement | Note |
|---------------------------|------------------|-----------------------------------|--|---|----------|-------|
| | £000's | £000's | £000's | £000's | £000's | |
| Employee Costs | 4,818 | 4,717 | (101) | - | (101) | (i) |
| Property Costs | 18,927 | 16,545 | (2,382) | (2,342) | (40) | |
| Supplies and Services | 269 | 230 | (39) | (15) | (24) | |
| Transport and Plant Costs | 26 | 11 | (15) | 14 | (29) | |
| Administration Costs | 1,856 | 1,887 | 31 | 190 | (159) | (ii) |
| Third Party Payments | 2,453 | 2,405 | (48) | (42) | (6) | |
| Transfer Payments | 390 | 30 | (360) | (360) | - | |
| Other Expenditure | 455 | 1,394 | 939 | 937 | 2 | |
| Capital Financing | 21,369 | 20,316 | (1,053) | (958) | (95) | (iii) |
| Gross Expenditure | 50,563 | 47,535 | (3,028) | (2,576) | (452) | |
| Income | (50,563) | (50,474) | 89 | (116) | 205 | (iv) |
| Net Expenditure | - | (2,939) | (2,939) | (2,692) | (247) | |

2.10 Commentary Significant Movements from the Revised Budget

The projected underspend is primarily related to net costs in relation to Covid-19 which have been partly offset by additional income following an increase in tenanted properties. A brief explanation of the significant movements from the previous forecasts is outlined as follows:

(i) Employee Costs – underspend of (£0.101m), an increase for the previously reported breakeven position

The underspend relates to vacancy management across the service.

(ii) Administration Costs - overspend of £0.031m, a decrease in overspend of (£0.159m)

The movement is primarily related to reduced legal expenses resulting from lower than anticipated debt recovery activity.

(iii) Capital Financing – underspend of (£1.053m), an increase in underspend of (£0.095m)

The increased underspend reflects lower levels of borrowing and ongoing lower interest payments in support of the HRA capital programme.

(iv) Income – an under recovery of £0.089m, a movement of £0.205m from the previously reported over recovery
 The movement is primarily related to revised rent income forecasts and reduced recovery of court costs linked to the lower legal expenses noted above.

Financial Flexibilities

- 2.11 The Scottish Government has released draft guidance in relation to a suite of financial flexibility measures which can be used to offset the additional cost and income pressures resulting from the Covid-19 pandemic, including:
 - Capital Grant/Borrowing flexibility to use Capital Grant to offset pressures or undertake additional borrowing for Revenue purposes. It is noted that this option would require the agreement of the UK Treasury and availability is not currently confirmed.
 - Capital Receipts flexible use receipts to offset revenue in either 2020/21 or 2021/22. Within North Ayrshire all forecast capital receipts are currently allocated to support the 10 year capital investment programme. As such, there are no current plans to make use of this option.
 - Credit Arrangements changes to the accounting requirements for PPP contracts to extend General Fund charges to match the expected life of the assets. Discussions are ongoing between COSLA and the Scottish Government in relation to the draft guidance. However, based on the information available, the current proposals would not present any budget saving opportunities for North Ayrshire Council.
 - Loans Fund Principal Holiday draft guidance issued by the Scottish Government provides options for the principal repayments due in either 2020/21 or 2021/22 to be rephased over a period of up to 20 years. This option could present medium term savings in the region of £2.7m. Based on current projections, there are no proposals to take advantage of this option during the current financial year. However, it is proposed that this option is retained for potential utilisation during 2021/22 to offset any legacy costs arising from the ongoing impact of the Covid-19 pandemic.

3. Proposals

3.1 It is proposed that Cabinet agrees to (a) note the information and financial projections outlined in the report; (b) approve the earmarking of £2.888m identified at 2.6 to meet future year commitments; (c) note the current financial projection for the Health and Social Care Partnership at 2.7; and (d) approve the virements detailed in Appendix 7.

4. Implications/Socio-economic Duty

Financial

4.1 General Services

The net projection for the year as at 30 November 2020 is a net breakeven position for the year.

Housing Revenue Account

The net projection for the year as at 30 November 2020 is an underspend for the year of (£2.939m).

Human Resources

4.2 None.

Legal

4.3 None.

Equality/Socio-economic

4.4 None.

Environmental and Sustainability

4.5 None.

Key Priorities

4.6 This report directly supports the Council Plan 2019 to 2024 by maximising resources and providing value for money to support financially sustainable delivery models.

Community Wealth Building

4.7 None.

5. Consultation

5.1 Executive Directors have been consulted as part of the review of financial performance and have approved the projected variances contained in this report.

Mark Boyd Head of Finance

| | Note 5 | | People & ICT - Customer Services |
| | | | There is movement of £0.053m mainly due to an under recovery in registration income. |
| 2,238 | (26) | -1% | Employee Costs - There is a projected underspend of £0.026m mainly due to vacancy management. |
| 96 | (24) | -25% | Admin Costs - There is a projected underspend of £0.024m due to postages/printing. |
| (924) | 32 | -3% | Income - There is a projected under recovery of £0.032m due to £0.100m under recovery of registration income offs by £0.068m over recovery of benefit admin subsidy. |
| | 4 | | Other minor variances |
| | (14) | | |
| | Note 6 | | Democratic Services - Legal & Licensing |
| | | | There is movement of (£0.002m) due to minor variances within admin costs |
| 1,126 | 15 | 1% | Employee Costs - There is a projected overspend of £0.015m due to turnover |
| (717) | 163 | | Income - There is a projected under-recovery of £0.163m due to a reduction within Licensing Income |
| | (9) | | Other minor variances |
| | 169 | | |
| | Note 7 | | Democratic Services - Information Governance |
| | | | There is movement of (£0.010m) due to vacancy management |
| 417 | (64) | -15% | Employee Costs - There is a projected underspend of £0.064m due to vacancy management |
| | (64) | | |
| | Note 7 | | Growth & Investment - Tourism |
| | | | There is movement of £0.020m in relation to Tourism spend |
| 343 | (30) | -9% | Other Agencies & Bodies - there is a projected underspend of £0.030m due to postponement of events |
| | | | It is requested the previously earmarked funding towards the Making Waves festival, which has been postponed due |
| | | | COVID-19 restrictions, is reduced from £0.050m to £0.030m. |

| Budget £000 | Projected Variance £000 | Variance as | Section |
|----------------|-------------------------------|-------------|--|
| | Note 1 | | Early Years Education |
| | | | Movement: There has been a favourable movement of £1.389m since P5. This is due to an increase in underspend of £0.600m in 3rd party payments and a further increase in unallocated funding of £0.789m. |
| 15,252 | (800) | -5% | Employee costs: A projected underspend primarily due to vacancies and posts relating to the expansion programme that have not been created due to COVID. |
| 1,702 | (250) | -15% | Supplies and Services: A projected underspend in Educational supplies due to Covid-19 |
| 106 | (40) | -38% | Admin costs: A projected underspend in staff training course fees due to Covid-19 |
| 4,519 | (1,000) | -22% | Third Party Payments: A projected underspend in payment to private providers due to Covid-19. The level of private provision uptake has been significantly less than originally anticipated as part of the 1140 hours rollout. Private providers have however been fully supported during the lockdown period. |
| | (1,122) | | Unallocated budget: The Government has recently relaxed the ring fencing arrangements of this funding which allows it i be used to offset other unexpected costs within the service. Budgets that have been allocated are in place to allow the service to meet existing commitments. The unallocated funding element is now fully declared and a revised implementation plan is under development for next year. |
| | | | It is requested that an element of the projected underspend (£1.547m) is carried forward into next financial year to be used towards the revised implementation of the 1140 hours programme. |
| | (3,212) | | |
| | Note 2 | | Primary Education |
| | | | Movement : There has been no movement since P5 |
| 1,903 | (28) | -1% | Supplies and Services : £0.028m underspend in PPP costs due to reduced RPI and utility costs. |
| 146 | (77) | -53% | Third Party Payments: no overtime required due to the schools being closed in relation to school lets |
| (56) | 56 | -100% | Income: due to the schools being closed there will be no school let income. |
| | (49) | | |
| | Note 3 | | Secondary Education Movement : There has been no movement since P5 |
| 12,365 | (159) | -1% | Supplies and Services : £0.159m underspend in PPP costs due to reduced RPI and utility costs. |
| | | | |
| 204 | (97) | -48% | Third Party Payments: no overtime required due to the schools being closed in relation to school lets |
| (65) | 63 | -97% | Income: due to the schools being closed there will be no school let income. |
| | (193) Note 4 | | ASN |
| | 14016 4 | | Movement: there has been an unfavourable movement of £0.033m since P5. This is due to £0.105m increase in placement fee costs, mainly due to additional children and an increase in charges, which was slightly offset by further underspends in employee costs due to vacancies. |
| 2,118 | (189) | -9% | Employee costs: A projected underspend primarily due to vacancies. |
| 1,010 | (202) | -20% | There is an underspend on external day placements as a result of the screening process currently in place. This enable the children to remain in mainstream establishments or in-authority ASN establishments. |
| 355 | 85 | 24% | Other Local Authorities payments - the projections indicate an overspend due to additional NAC children being placed in other local authority establishments. |
| (264) | (137) | 52% | Other Local Authorities income - other Local Authorities that choose to place children in NAC establishments. The projections indicate an over recovery due to an increase in demand. |
| | 21 | | Other minor movements across various budget lines |
| | (422) | | |

| Budget | Projected Variance | Variance as | |
|------------------------------|--|----------------------------|--|
| £000 | | % of budget | |
| | Note 5 | | Education Other |
| | | | Movement: The overspend has decreased by £0.035m. |
| 3,302 | 969 | 29% | Employee costs: Projected variances continue to be managed within the context of the Covid-19 Education recovery Plan and available Scottish Government funding. Costs include COVID related retention payments to teaching and support staff. The variance also includes an overspend of £0.080m in the Music service due to unachieved savings offset by underspends within HQ employee costs of £0.064m |
| 450 | 359 | 80% | Supplies and Services Costs : Included here are additional IT costs of £0.260m and £0.048m of PPE costs as part of the Education re-start and recovery plan. Increased software licence costs of £0.045m. |
| (3,174) | (80) | 3% | Income : PPP penalty deductions is estimated to exceed budget by £0.060m. PPP insurance rebate expected of £0.099m. Music charges are expected to under recover by £0.079m |
| | 3 | | Other minor movements across various budget lines |
| | 1,251 | | |
| | Note 6 | | Attainment Challenge |
| | | | Movement: there has been no movement |
| 5,918 | (200) | -3% | Expected contribution towards the Education Recovery Plan. Government flexibility allows uncommitted budgets to be used to offset other unexpected costs within the service. |
| | (200) | | |
| | Note 7 | | Pupil Equity Fund |
| | | | Movement: There has been no movement |
| | (62) | | Expected contribution towards the Education Recovery Plan. Government flexibility allows uncommitted budgets to be used to offset other unexpected costs within the service. |
| | | | |
| | (62) | | |
| | (62) Note 8 | | Connected Communities |
| | . , | | Connected Communities Movement: There is an unfavourable movement of £0.063m since P5. |
| 7,011 | . , | -6% | Movement: There is an unfavourable movement of £0.063m since P5. Employee Costs: Projected overspends of £0.032m within Community Development mainly due to inflated payroll turnover budget and £0.014m for contribution towards NA foodbank co-ordinator post. These are offset against projected underspends of £0.352m in Libraries/Community Facilities/Country Parks/Arts, which is mainly due to staff costs being reduced due to Covid-19 and staff being redeployed to Facilities Management. Further Projected underspend in Arran Outdoor of £0.099m mainly due to staff being redeployed to Facilities Management |
| 7,011 239 | Note 8 | -6% | Movement: There is an unfavourable movement of £0.063m since P5. | Budget | Projected Variance | Variance as | |
|------------------|---|-------------|---|
| £000 | £000 | % of budget | Section |
| | Note 1 | | Building Services |
| | | | Movement - There has been no movement since period 5. |
| 7,881 | (24) | (0%) | Employee Costs: A projected underspend due to a reduction in additional labour required in the second half of the year |
| 4,595 | (1,341) | (29%) | Supplies & Services: A projected underspend of £1.341m in materials due to a reduced workload as a result of Covid- 19. |
| 2,841 | (87) | (3%) | Third Party Payments: A projected overspend in Agency costs of £0.439m offset by an underspend in payments to contractors of £0.526m due to Covid-19. |
| (19,048) | 3,667 | (19%) | Income: There is a projected under recovery of income across various income streams due to Covid-19. This includes an estimated contribution from HRA to support the Repairs and Maintenance Service of £1.900m. This charge is under constant review and may be subject to future change. |
| | (26) | | Other minor movements Further reductions in costs and additional income had been anticipated since Period 5 but due to the recent tier 4 announcements a more restricted working environment will be required for the immediate future. This will have an |
| | | | impact on current operating model and will result in increased costs. Therefore the projected variance remains at the previously reported level and will be kept under constant review. |
| | 2,189 | | Property Management and Investment |
| | Note 2 | | Property Management and Investment Movement - There has been a favourable movement of £0.005m since P5. |
| 2,422 | (113) | (5%) | Employee Costs: A projected underspend of £0.113m due to vacancy management. |
| (1,103) | 135 | (12%) | Income: There is a projected under-recovery of income totalling £0.135m mainly consisting of £0.119m under- achievement in factoring income is due to a delay in implementing the new charging policy and £0.009m in sales, fees and charge due to reduction in leases being agreed/renewed. |
| | 35 | | Other minor movements |
| | 57 | | |
| | Note 3 | | Property Maintenance Movement - There has been no movement since P5. |
| 6,940 | (239) | (3%) | Property Costs: Projected underspends of £0.239m due to planned works not taking place due to COVID situation, with underspends in Health & Safety budgets due to properties being non operational of £0.024m and underspends in infrastructure improvements of £0.284m due to no-access issues offsetting overspends of £0.069m for property alterations/additional measurements due to COVID. Further work will be carried out throughout 2020/21 to determine any potential impact on future year programmes. |
| | (239) | | |
| | | | |
| | Note 4 | | Property Running Costs |
| 6,665 | Note 4 (661) | (10%) | Property Running Costs Movement - There has been no movement since P5. Net Property Costs - There is a projected underspend of £0.661m which is due to underspends in NDR charges due to Retail, Hospitality and Leisure sector relief (£0.202m) and revaluations on various properties (£0.245m) along with delays in early years establishments (£0.138m). Refunds due on Shewalton landfill and the former Garnock Academy sites amounted to £0.234m. Also the under-achievement of previously approved savings of £0.160m in relation to rationalisation of properties. A further £0.035m relates to shortfall in lease charges and underspends of £0.008m across various budget lines. |
| 6,665 (1,742) | | (10%) | Movement - There has been no movement since P5. Net Property Costs - There is a projected underspend of £0.661m which is due to underspends in NDR charges due to Retail, Hospitality and Leisure sector relief (£0.202m) and revaluations on various properties (£0.245m) along with delays in early years establishments (£0.138m). Refunds due on Shewalton landfill and the former Garnock Academy sites amounted to £0.234m. Also the under-achievement of previously approved savings of £0.160m in relation to rationalisation of properties. A further £0.035m relates to shortfall in lease charges and underspends of £0.008m |

| Dudget | Projected | | |
|------------------------------|--------------------------------------|----------------------------|--|
| Budget £000 | Variance £000 | Variance as % of budget | Section |
| | Note 6 | | Facilities Management |
| | | | Movement - There is a favourable movement of £1.459m from period 5. This is due to the Catering underspend of £0.556m due to the delayed implementation of the Early Years 1140 hrs programme that was agreed by the Scottish Government. The Cleaning element of this delayed roll out is currently under review. In addition, £0.200m of budget has been drawn down to account for a grant received to help cover the additional cleaning costs within schools. The full costs of providing food vouchers to families eligible for free school meals during the school holidays will now be fully covered by grant reducing the overspend by £0.383m. There is also a further reduction in staff overtime of £0.226m due to utilising commercial catering staff in schools. |
| 12,083 | 249 | 2% | Employee Costs - £0.363m of the overspend is due to recharges from Building Services, HRA and Other Housing for the staff who helped with the Free School Meal Hubs and Communities Hub. £0.259m of the overspend relates to savings which are now unachievable and not going to be realised due to the delay in implementation of the 1140 hours expansion in Early Years. £0.118m is due to increased security at Trindlemoss and Kyle Road PPE store; this cost will be offset by additional income from HSCP. £0.031m of the overspend relates to the obligation to pay casual staff their historic average weekly hours during lock-down. All these overspends are offset against a £0.534m underspend due to the reduction in the requirement for overtime during lock-down and utilising commercial catering staff in schools. |
| 936 | 112 | 12% | Property Costs: Overspend is in relation to purchasing cleaning materials e.g. hand sanitiser and anti-bacterial wipes in response to COVID 19. The majority of this cost relates to the cleaning of schools as part of the Education Recovery Plan. However this continues to be assessed and costs could be further offset depending on the availability of funding from the Scottish Government. |
| 5,247 | (89) | (2%) | Supplies and services - Underspend of £0.556m in Early Years Catering due to the delayed rollout of the 1140 hours. In addition, there is a saving of £1.242m in food due to reduced commercial catering and school meals. This is offset by an overspend of £1.626m for the increase in food due to the Covid-19 response through Free School Meal Hubs, Community Hubs and meals for Key Worker's children. There are overspends of £0.059m for the vehicle charges for School Meal Hub and Community Hub deliveries and £0.024m for the supplies recharged from Building Services, primarily surgical masks. |
| -4,424 | 1,367 | (31%) | Income - There is a £1.499m under-recovery in commercial and school catering income due to the closure of schools and other buildings. This is offset against additional income of £0.118m from the HSCP for increased security at Trindlemoss and Kyle Road PPE. |
| | | | It is proposed to earmark a further £0.062m for the implementation of the Cashless Catering systems. |
| | 1,639 Note 7 | | Other Housing |
| | | | Movement - There has been an adverse movement of £0.020m since P5. This is mainly due to an increase in bad debt provision following the most recent calculations, which is partly offset with lower employee costs due to a restructure of the Housing First model, reduced payments to HSCP and Cunninghame Housing Association and increased income |
| 4,030 | | | from additional Temporary Accommodation units being in use longer than projected at P5 |
| | (315) | (8%) | from additional Temporary Accommodation units being in use longer than projected at P5 Employee Costs - The projected underspend is due to vacancies across the service and a restructure of the Housing First model |

| | NOLE O | | Novement - There has been no net movement since P5 |
| 2.961 | (61) | (20/) | |
| 3,861 | (61) | (2%) | Employee Costs - Due to Covid-19, recruitment of various posts has been delayed until later this year |
| 2,143 | (58) | (3%) | Supplies and Services - Various underspends across the service |
| 1,726 | 169 | 10% | Third Party Payments - £0.050m overspend in Structures for emergency landslip repairs. £0.104m overspend in Network, as work due for completion in March 2020 was delayed due to Covid-19 and a delay in recruitment has also contributed to increased contractor costs. These overspends will be offset by underspends in other budget lines across the service |
| (1,125) | (49) | 4% | Income - Over recovery of income in Network for work for other Council Services, partly offset with under recovery of external income across the service, which can in part be attributed to Covid-19 |
| | (1) | | Other Minor Movements |
| | | | A proposed budget virement of £0.100m in Network from Employee Costs to Third Party Payments has been included in Appendix 8 |
| | | | It is proposed to earmark £0.056m for the Critical Traffic Sign Replacement scheme |
| | 0 | | |
| | Note 9 | | Streetscene |
| | | | Movement - There has been a favourable movement of £0.025m. This is primarily due to a decrease in employee costs due to a number of casual staff in Streetscene being transferred into temporary positions in Waste from November 2020 to March 2021. |
| 6,419 | 51 | 1% | Employee Costs: Overspend is related to additional staff required to undertake income generating work. In addition, as part of the response to the pandemic a significant number of Streetscene colleagues were redeployed to Waste Services to ensure uninterrupted operation of our domestic kerbside waste collection service. These overspends are partially offset by underspends due to reduced staff overtime during lock-down and a reduction in Streetscene activities e.g. reduced Garden Tidy Scheme and reduction in public events. |
| 182 | (39) | (21%) | Property Costs: £0.010m projected underspend in plants and planting due to reduced number of public events. £0.021m underspend in ground maintenance which relates to reactive works. £0.014m underspend in street furniture purchases and repairs. This is offset against an overspend of £0.07m in washroom and cleaning supplies. |
| 129 | 38 | 29% | Transport Costs: Overspend of £0.015m for additional vehicle hire due to COVID 19 social distance restrictions. In addition, overspends in hire costs of £0.022m expected as a result of the pandemic |
| 405 | 25 | 6% | Supplies and Services: £0.020m of the overspend is a result of the projected running costs of the Ayrshire temporary mortuary facility in Prestwick. The remainder is due to Covid-19 expenditure on signage and cleaning supplies. |
| (2,638) | (37) | 1% | Income: An over-recovery of income from Council services has been achieved, offset by an under-recovery of income due to Covid-19 e.g. cancellation of public events, reduced income from memorial permits, reduced Garden Tidy income and cancellation of various works. |
| | (16) | | Other minor movements. |
| | 22 | | |
| | Note 10 | | Internal Transport |
| | | | Movement - There has been a favourable movement of £0.015m since P5 due to increased underspends of £0.172m i fuel offset by a decrease in the transport provision underspend of £0.090m and a £0.097m increase in external hires overspend. |
| 4,317 | (320) | (7%) | Transport Provision Costs - Underspend due to Covid-19 and closure of schools. It was agreed that current contracts would be paid 75% from April until the end of term in June 2020, in line with the approach taken by most other local authorities. |
| 1,718 | (395) | (23%) | Fuel Costs - Underspend due to Covid-19 and associated decrease in fuel usage and price. |
| 472 | 79 | 17% | External Hires - overspend primarily due to external plant hire, including hire of an additional Roads Gully Wagon as part of drainage maintenance in response to weather response. |
| | (34) | | Other minor movements |
| | (670) | | |

| Budget £000 | Projected Variance £000 | Variance as | Contine |
|----------------|-------------------------------|-------------|--|
| £000 | £000 Note 11 | % of budget | Section Waste Services |
| | NOLE II | | |
| | | | Movement - There has been an adverse movement of £0.383m since P5, due to increased employee costs in relation to Covid of £0.163m, other employee costs £0.017m, £0.114m movement in loss of Income, due to Waste Gas extraction £0.081m and Commercial Waste of £0.045m (ongoing pandemic impact on businesses). £0.065m movement in 3rd Party costs of which £0.028m is due to recycling contracts and £0.026m organic waste contract. |
| 4,603 | 470 | 10% | Employee Costs - Overspend of £0.470m, the majority of which is related to increased staffing costs in relation to delivery of the waste service during the pandemic as part of our planned Covid response to deliver an uninterrupted waste service. This has increased by £0.163m from the last reporting period, as additional staff will now be required to support workplace virus control measures until the end of the financial year (previously projected to end of December). This includes staff moving from other departments. |
| 185 | 135 | 73% | Transport Costs- Overspend due to additional vehicles required to deal with the increased waste requirements during Covid-19 (£0.100m). |
| 5,477 | 570 | 10% | Third Party Payments – Overspend in part due to Covid-19 (£0.393m). Waste arisings increased significantly due to people staying at home during lockdown. This has been off-set to a degree by savings in disposal costs arising from HWRC closures (underspend of £0.100m). The remaining overspend is a result of an ongoing downturn (pre-Covid) in the recyclate market, increasing our processing costs. |
| (3,040) | 662 | (22%) | Income - Due to Covid-19 there is an under-recovery of income including– Commercial Waste £0.445m and Special Uplifts £0.048m as part of our strategy to temporarily waive the uplift charge and increase capacity earlier in the year to mitigate the impact of HWRC closures. A further £0.180m of lost income can be attributed to reduced gas extraction and a reduction in skip hire. |
| | (40) | | Other Minor Movements |
| | 1,797 | | |
| | Note 12 | | Economic Development and Regeneration - Management |
| | | | Movement - There has been a favourable movement of £0.033m since P5, which is due to an underspend in research due to timing. |
| 83 | (33) | (40%) | Third Party Payments - underspend due to timing of planned research £0.033m |
| | | | It is proposed to earmark this underspend towards future years pressures in Economic Development and Regeneratio |
| | (33) | | |
| | Note 13 | | Planning and Protective Services |
| | | | Movement - There has been a favourable movement of £0.039m since P5, which is due mainly to an increase in vacancy management savings of £0.034m |
| 2,433 | (207) | (9%) | Employee Costs - underspends due to vacancy management in Planning £0.023m and Protective Services £0.184m |
| | (9) | | Other Minor Movements |
| | (216) | | |
| | Note 14 | | Economic Development |
| | | | Movement - There has been a favourable movement of £0.326m. This is partly due to the inclusion of the final BONA income claim which is £0.040m better than expected. There has been a favourable movement of £0.060m in Regeneration, due to the reallocation of budgets to cover overspends reported previously in Irvine Enterprise Area and payroll costs. There has been a favourable movement of £0.216m within Employability and Skills as the previous overspend relating to the extension of the Modern Apprentices contracts in response to COVID 19 can now be offset against the savings generated from the delayed starting of the 20/21 Modern Apprentice intake. In addition, Employability and Skills have further savings due to Skills for Life programme not re-starting in October due to COVID 19 restrictions. |
| 3,674 | (124) | (3%) | starting. This is an office based programme and therefore it has not be able to commence in October due to the COVID 19 restrictions. Included is a £0.034m underspend due to the delay in recruiting for the Community Wealth Building post, as such the employee contract now spans over 20/21 and 21/22. |
| 0 | (625) | | Income - Final net receipt for BONA - £0.645m. This is offset by an under-recovery of grant income of £0.020m in Employability and Skills due to the Skills for Life Programme not re-starting in October due to COVID 19 restrictions. |
| | (6) | | Other Minor Movements |
| | | | It is proposed to earmark the Skills for Life £0.070m underspend as they will be trying to catch-up on their EU programme spend over the next two years to ensure that they use their full allocation. However, in order to do this the require sufficient match funding to be in place. It is proposed to earmark the Community Wealth Building underspend of £0.034m as there was a delay in recruiting for the CWB post so the contract now spans over 20/21 and 21/22. |
| | | | It is proposed to earmark £0.201m towards future costs in respect of the Modern Apprenticeships Programme |

| £000 | £000 | % of budget | Section |
| | Note 1 | | Other Corporate Items |
| | | | Movement - There has been a favourable movement of £1.372m since P5, which is primarily related to £0.785m Scottish Government funding in relation to Covid-19, which offsets the variances reported in relation to Housing Benefit Overpayments recoveries, Council Tax and Council Tax Reduction, and £0.827m of centrally held payroll and utility pressure budgets which are not expected to be drawn down during 2020/21. These have been partly offset by the transfer of £0.240m of funding to services in relation to non-service Covid-19 costs. |
| 15,023 | (7,959) | -53% | An underspend of £7.959m is projected. This is primarily in relation to additional Scottish Government non-specific Covid-19 funding, which partially offsets the additional expenditure and reduced income reported across other services, £7.118m, and centrally held payroll and utility pressure budgets which are not expected to be drawn down during 2020/21, £0.827m. |
| | | | It is requested that £0.750m of this underspend is earmarked to support the 2021/22 to 2023/24 Medium Term Financial Plan. |

|----------------|--|-------------------------------|--|
| | Note 1 | | Employee Costs |
| | | | Movement - there is now a projected underspend of £0.101m due to vacancy management. |
| 4,818 | (101) | -2% | A projected underspend in employee costs of £0.101m due to vacancies and posts being filled later than originally anticipated. |
| | (101) | | |
| | Note 2 | | Property Costs |
| | | | Movement - there is a favourable movement of £0.040m in projected property costs since Period 5. This is due to an increase in projected spend within Responsive Repairs of £0.319m, Void Repairs £0.184m, offset by a reduction in Planned and Cyclical Maintenance of £0.466m and other Property costs of £0.076m |
| 18,927 | (2,382) | -13% | There is a projected underspend of £2.470m which is primarily due to £0.773m in Responsive Repairs, £0.987m in Void Repairs and £2.100m in Planned and Cyclical Maintenance. A further underspend of £0.374m is expected fo Aids & Adaptations - this is due to fewer requests from the HSCP for adaptations, further impacted by COVID-19. Of this total underspend it is expected that £0.438m is related to delayed expenditure and will be required in future years. Included is a £1.900m contribution towards the Repairs and Maintenance Service. |
| | (0.000) | | |
| | (2,382) | | Administration Acota |
| | Note 3 | | Administration Costs There has been a favourable movement of £0.159m since Period 5 primarily due to a reduction in legal expenses |
| | | | of £0.130m |
| 1,855 | 31 | 2% | A projected overspend of £0.190m as a result of a change in the way Central Support costs are allocated. This change was agreed after the budget was set. This is partially offset by a reduction in legal fees of £0.130m. |
| | 31 | | |
| | Note 4 | | Transfer Payments |
| | | | There has been no movement since Period 5. |
| 390 | (360) | -92% | The underspend relates to the reduction in payment of disturbance allowances as a result of COVID-19. This is due to a reduction in the number of repairs which can be carried out this year. This is delayed expenditure and will be incurred in future years. |

| | Integration Joint Board 17 December 2020 |
|-----------------|---|
| Subject: | 2020-21 – Month 7 Financial Performance |
| Purpose: | To provide an overview of the IJB's financial performance as at Period 7 including an update on the estimated financial impact of the Covid-19 response. |
| Recommendation: | It is recommended that the IJB: |
| | (a) notes the overall integrated financial performance report for the financial year 2020-21 and the overall projected year-end underspend of £0.807m at period 7; |
| | (b) notes the updated estimated costs of the Covid mobilisation plan of £8.5m, including savings delays, and the associated funding received to date; and |
| | (c) note the financial risks for 2020-21, including the impact of Covid 19, and that there is no recommendation at this time to implement a formal Financial Recovery Plan for the IJB. |

1. **EXECUTIVE SUMMARY**

1.1 The report provides an overview of the financial position for the partnership and outlines the projected year-end outturn position informed by the projected expenditure and income commitments, these have been prepared in conjunction with relevant budget holders and services. It should be noted that although this report refers to the position at the October period end that further work is undertaken following the month end to finalise projections, therefore the projected outturn position is as current and up to date as can practicably be reported.

| 1.2 | The projected outturn, before the impact of Covid-19, is a year-end underspend of £0.807m for 2020-21 which is a favourable movement of £0.430m. There is scope for this position to fluctuate due to in-year cost and demand pressures and assumptions in relation to funding and the achievement of savings. The position has been adjusted to reflect the potential impact of Lead Partnership services. In the absence of any alternative risk sharing agreement for lead partnership services an NRAC share of the projected position has been assumed as this would be in line with the allocation in previous years. |
|-----|---|
| 1.3 | From the core projections, overall the main areas of pressure are learning disability care packages, looked after children and adult in-patients within the lead partnership. However, there has been significant progress to reduce the pressures in these areas. The financial position demonstrates that the work started before the pandemic to ensure the IJB moved into the new financial year in a financially sustainable position has not been reversed by the Covid-19 response. If this position can be sustained as we move through the year, and assuming all Covid-19 costs are fully funded, the IJB will secure financial balance and repay £1.5m of the debt to North Ayrshire Council as planned. |
| 1.4 | The most up to date position in terms of the mobilisation plan for Covid-19 based on the return to the Scottish Government in November projects £8.5m of a financial impact, which is split between additional costs of £7.4m and anticipated savings delays of £1.1m. The impact of savings delays has been built into the core financial projection above on the basis that there is less confidence that funding will be provided to compensate for this. There are financial risks associated with Covid-19 as the IJB has yet to receive confirmation of the full funding allocation. To date North Ayrshire have been allocated funding totalling £6.3m. |
| 1.5 | Pending full funding for Covid-19 being confirmed there is a risk that there may be a shortfall to fully compensate the North Ayrshire IJB for the additional costs. Currently there is a balance of £1.1m of estimated costs for which funding has not yet been allocated. However, there is no recommendation at this time to implement a Financial Recovery Plan on the basis that: |
| | There is increasing confidence that additional costs will be funded based on the recently received and future expected funding allocations, for both health and social care costs only 70% of estimated costs to March have been funded to date, further allocations are expected in January; Offsetting reductions of £0.5m have not been included in the overall funding allocation and also have not been factored into the HSCP financial projections, therefore at this stage these would potentially remain available for North to redirect to any funding shortfall; The most significant area of additional Covid costs are the purchase of PPE for social care and sustainability payments for commissioned social care providers (£3.8m in total). Both areas have been implemented with an assurance that the actual costs will be fully reimbursed; The period 7 position projects an underspend position (excluding Covid) and this does not include any assumption re the £1.5m held by the Council towards the IJB debt, this position assumes the debt repayment is made as planned, this position also incorporates estimated delays with savings delivery. |
| | reports will outline the monthly financial projections and the updated position in relation |

| | to estimates for Covid costs. This will include the ongoing consideration of whether a Financial Recovery Plan may be required in the future. |
|-----|--|
| 2. | CURRENT POSITION |
| 2.1 | The report includes an overview of the financial position including commitments against the available resource, explanations for the main budget variances, an update on progress in terms of savings delivery and plans to work towards financial balance. |
| | The report also includes detail of the estimated costs and potential financial impact of the Covid-19 response. |
| | FINANCIAL PERFORMANCE – AT PERIOD 7 |
| 2.2 | The projected outturn position at period 7 reflects the cost of core service delivery and does not include the costs of the Covid 19 response as these costs are considered separately alongside the funding implications. |
| | Against the full-year budget of $\pounds 257.502m$ there is a projected year-end underspend of $\pounds 0.807$ (0.3%). The Integration Scheme outlines that there is an expectation that the IJB takes account of the totality of resources available to balance the budget in year. Following this approach, an integrated view of the financial position should be taken, however it is useful to note that this overall position consists of a projected overspend of $\pounds 0.371m$ in social care services offset by a projected underspend of $\pounds 1.178m$ in health services. |
| | As highlighted at the end of last year the payroll turnover target was to be centralised for future years as the approach in previous years left some service areas with unachievable targets whilst other areas were able to overachieve, it was agreed that a more transparent approach would be to manage the payroll turnover and vacancy savings centrally. This approach has been adopted for 2020-21, this has helped to declutter the financial report and to make it more transparent re the overall turnover target and the progress towards achieving this across the partnership. Section 2.6 highlights progress with the partnership vacancy target. |
| | Appendix A provides the financial overview of the partnership position. The sections that follow outline the significant variances in service expenditure compared to the approved budgets with detailed analysis provided in Appendix B. |
| 2.3 | Health and Community Care Services |
| | Against the full-year budget of £69.373m there is an underspend of £0.939m (1.35%) which is an adverse movement of £0.034m. The main variances are: |
| | a) Care home placements including respite placements (net position after service user contributions) – underspent by £0.510m (adverse movement of £0.138m). The care home budget moved into a sustainable position towards the end of 2019-20 and the opening position for the budget for 2020-21 was expected to be an underspend position as at that time we set the budget at a level to fund 810 places and we were funding 782. The occupancy in care homes has fallen further in the first half of 2020-21 and as at 4 th November we were funding 746 placements. Therefore, there are significant vacancies in care homes, the projected underspend includes a steady net increase of 10 placements per month until the year-end. The main reason |

for the adverse movement is the impact of catching up with funding of placements under the improved funding process implemented by the service partly offset by a reduction in respite spend.

- b) Independent Living Services are overspent by £0.261m (adverse movement £0.041m) which is due to an overspend on physical disability care packages within the community and direct payments. There will be further work undertaken with the implementation of the Adult Community Support framework which will present additional opportunities for reviews and will ensure payment only for the actual hours of care delivered. The roll out of the CM2000 system for Adult services was postponed towards the year-end due to the Covid response and will be implemented early in the new year.
- c) Care at home are reporting a balanced position, whilst there is a projected overspend on the budget due to additional capacity for Covid this remains below the costs included in the Covid funding plan and the additional monies received for winter capacity. Bank staff are being offered contracts, the service are recruiting additional staff for the in-house service and also engaging with new providers to bring them onto the framework for commissioned services. The cost of these plans remains in line with the level of Covid resources requested.
- d) Aids and adaptations projected underspend of £0.150m (£0.075m adverse movement). There have been significant delays with carrying out assessments and providing equipment and adaptations during lock down. The final outturn depends on the level of assessments that can be undertaken in the coming months however this cannot be determined at this stage in the year. The service are actively working on plans to re-mobilise these services and address the waits for assessment and delivery of equipment and adaptations.
- e) Carers Act Funding is projected to underspend by £0.443m (no movement) based on the currently committed spend and delays with taking forward new developments to support carers. The total uncommitted budget is £0.560m so this projected position assumes there will be carers' support plans undertaken and a level of demand/services identified from these plans to be delivered later in the year. The service plan to undertaken positive promotion of the services available to carers and are currently reviewing the process for a carers assessment to make this more accessible to individuals requiring support.

2.4 Mental Health Services

Against the full-year budget of £77.927m there is a projected overspend of £0.586m (0.75%) which is a favourable movement of £0.158m. The main variances are:

a) Learning Disabilities are projected to overspend by £1.796m (favourable movement of £0.524m), included within this is £1.249m (£0.071m favourable movement) in relation reviews undertaken for community care packages and £0.285m for residential placements (£0.271m favourable movement) due to a placement returning to children's services. The 2020-21 budget for all adult care packages (LD, PD and MH) were realigned with any projected underspends in other areas being used to reduce the LD projected overspend. 2020-21 savings relating to the implementation of the Adult Community Support Contract are delayed as the full implementation of the CM2000 system has been postponed as the focus for providers has been on the response to COVID-19. This will commence with a phased roll out from January 2021, the financial benefits of the system are included in the projection later in the year but at a reduced level. Community Learning Disability Care packages are proving to be one of the most challenging areas to address overspends. The current projection assumes the current level of commissioned support will continue for the year, there are opportunities to reduce this commitment as a significant number of these care packages were reduced or suspended during lock down, these will be reviewed when services are re-started to ensure support is re-started at the appropriate level, this may potentially reduce the year-end projected position and the opening projections for next year which are currently being collated to inform budget planning for 2021-22.

- b) Community Mental Health services are projected to underspend by £0.182m (£0.057m adverse movement) mainly due to an increase in care packages. There has been a reduction in the number of care packages since the start of the year and there have been some temporary reductions to care packages during lock-down, currently these are assumed to be temporary reductions, these will also be reviewed when brought back online.
- c) The Lead Partnership for Mental Health has an overall projected underspend of £1.039m (adverse movement of £0.309m) which consists of:
 - A projected overspend in Adult Inpatients of £0.583m (no movement). The overspend is mainly due to the delay in closing the Lochranza ward on the Ailsa site. The ward closed during August 2020 but there remain staff to be redeployed, the overspend may reduce if alternatives can be identified for displaced staff sooner.
 - UNPACS is projected to overspend by £0.069m (£0.109m adverse movement) based on current placements. The adverse movement is due to a further new placement being made.
 - Learning Disabilities are projected to overspend by £0.050m which is an adverse movement due to continued increased use of supplementary staffing for enhanced observations.
 - A projected underspend of £0.050m (£0.150m adverse movement) in Elderly Inpatients due to the completion of the work to reconfigure the Elderly Mental wards, this represents the part-year saving with the full financial benefit being available in 2021-22. The part year reduction for 2020-21 has been reduced due to staffing levels for wards, the workforce tool for the wards is being run which will determine the final staffing.
 - A projected underspend in MH Pharmacy of £0.220m (no movement) due to continued lower substitute prescribing costs.
 - The target for turnover or vacancy savings for the Lead Partnership is held within the Lead Partnership as this is a Pan-Ayrshire target. There is a projected over-recovery of the vacancy savings target of £1.268m in 2020-21, further information is included in the table below:

| Vacancy Savings Target | (£0.400m) |
|--------------------------|-----------|
| Projected to March 2021 | £1.668m |
| Over/(Under) Achievement | £1.268m |

The current projection to the year-end is informed by the recruitment plans and the confidence in recruitment success and realistic timescales for filling individual vacancies.

| | The main areas contributing to this position are noted below: |
|-----|--|
| | Adult Community Health services £0.133m Addictions £0.020m CAMHS £0.295m Mental Health Admin £0.330m Psychiatry £0.440m |
| | Psychology £0.383m Associate Nurse Director £0.067m |
| 2.5 | Children Services & Criminal Justice |
| | Against the full-year budget of £36.003m there is a projected overspend of £0.255m (0.7%) which is an adverse movement of £0.336m. The main variances are: |
| | a) Looked After and Accommodated Children are projected to overspend by £0.474m (adverse movement of £0.017m). The main areas within this are noted below: |
| | • Children's residential placements are projected to overspend by £0.736m (adverse movement of £0.074m due to extended end dates of placement and contract inflation above the budgeted level). At period 7 there are 15 placements with plans to reduce this by 2 by mid-January and an assumption that there will be no further placements during the year. Budget plans for 2020-21 were based on starting the year with 18, reducing to 14 by the end of Q1 and to 10 places by the end of Q2 and for the remainder of the year. Progress with plans to move children from residential placements have been impacted by Covid-19 as there has been an impact on Children's Hearings and this has limited the availability of tenancies. Children's services are working towards further improving the position as we move through the year as starting the 2021-22 financial year with 13 placements will impact on the savings planned for next year. |
| | Fostering placements are projected to overspend by £0.112m (£0.017m adversed movement) based on the budget for 129 places and 133 actual placements since the start of the year. The fostering service is an area we are trying to grow, and a recruitment campaign was undertaken early in the new year to attract more in house foster carers to limit the ongoing requirement for external foste placements. There are a number of additional fostering placements attributed to Covid-19 which are out with these numbers as the costs have been included or the Covid-19 mobilisation plan. Respite foster placements is projected to underspend by £0.073m (£0.013m favourable movement) as placements have not taken place due to Covid-19 restrictions. |
| | Kinship placements are projected to underspend by £0.166m (adverse movement of £0.017m) based on the budget for 370 places and 343 actua placements since the start of the year. |
| | b) Children with disabilities – residential placements are projected to overspend by £0.091m (£0.287m adverse movement due to a child returning from adul services as they are placed under continuing care legislation). Community packages (inc direct payments) are projected to underspend by £0.106m |

(£0.019m adverse movement) based on current placements and an assumed increase in direct payment cases.

- c) Respite is projected to underspend by £0.098m (£0.009m adverse movement) due to respite not taking place due to COVID.
- d) Transport costs projected underspend of £0.119m (favourable movement of £0.038m) due to reduced mileage costs.

2.6 **Turnover/Vacancy Savings**

The payroll turnover target has been centralised for 2020-21. The turnover target for the North Lead Partnership for Mental Health services is detailed within the Lead Partnership information at section 2.4.

The turnover targets and projected achievement for the financial year for Health and Social Care services out with the Lead Partnership is noted below:

| | Social Care | Health |
|--------------------------|-------------|----------|
| | | Services |
| Vacancy Savings Target | *(£1.957m) | (0.645m) |
| Projected to March 2021 | £1.957m | 1.044m |
| Over/(Under) Achievement | 0 | 0.399m |

(*the target for social care services has been increased on a non-recurring basis for 2020-21 only by £0.110m to offset the saving for the roll out of Multi-Disciplinary Teams, as no permanent reductions to the structure can be identified at this time but will be by the service from 2021-22 onwards)

The position in the table above reflects the assumption in the current financial projections. For social care there have been significant vacancy savings to period 7 due to delays with recruitment and a total of £1.289m has been achieved to date. It is not anticipated that the level of vacancies will continue at this rate to the financial yearend, the full annual target is expected to be achieved on the basis that there will vacancies sustained at around 72% of that level. We may potentially exceed the target, as was the case in previous years, but the likelihood of this will not be known with confidence until services and recruitment re-starts fully over the coming months.

The Health vacancy projection to the year-end is informed by the recruitment plans and confidence in recruitment to posts for the remainder of the year.

The main areas contributing to the health and social care vacancy savings are spread across a wide range of services with vacancy savings being achieved in most areas, the most notable in terms of value being social worker posts (across all services), the Community Mental Health Teams and Allied Health Professionals.

Appendix D highlights the movement in the overall budget position for the partnership following the initial approved budget.

Reductions Requiring Approval:

The are no specific reductions to the overall budget that the IJB are required to approve.

The IJB are asked to note a transfer of £0.5m of funding from health to social care resources. This reflects the previously approved investment in unscheduled care being allocated for 2020-21 only to assist with social care costs incurred which have contributed to the sustained reduction in delayed discharges.

Future Planned Changes:

An area due to be transferred in the future are the Douglas Grant and Redburn rehab wards from acute services to the North HSCP. The operational management of these wards has already transferred to the partnership, but the due diligence undertaken on the budget has highlighted a funding shortfall. It has been agreed with NHS Ayrshire and Arran that the financial responsibility will not transfer until balance is found. In the meantime, we are managing services and plans are well progressed to reduce the projected overspend prior to any transfer.

2.9 **NHS – Further Developments/Pan Ayrshire Services**

Lead Partnerships:

The IJB outturn position is adjusted to reflect the impact of Lead Partnership services. During 2019-20 agreement was reached with the other two Ayrshire partnerships that in the absence of any service activity information and alternative agreed risk sharing arrangements that the outturn for all Lead Partnership services would be shared across the 3 partnerships on an NRAC basis. This position is currently the default for 2020-21 as the further work taken forward to develop a framework to report the financial position and risk sharing across the 3 partnerships in relation to hosted or lead service arrangements has been delayed by the requirement to focus efforts on the Covid response.

The underspend in relation to North Lead Partnership services is not fully attributed to the North IJB as a share has been allocated to East and South partnerships, similarly the impact of the outturn on East and South led services will require to be shared with North. At month 7 the impact on NA IJB is a £0.338m underspend (£0.353m underspend for East and £0.015m overspend for South). There is no movement from month 6 as neither East nor South report at month 7. The information below is a recap of the month 6 variances.

East HSCP – projected underspend of $\pounds 0.981m$ ($\pounds 0.353m$ NRAC share for NA IJB). The main areas of variance are:

a) Primary Care and Out of Hours Services (Lead Partnership) - there is a projected underspend of £0.741m (favourable movement of £0.656m). This reflects detailed work undertaken to analyse year-to-date costs and anticipated activity over the remainder of the financial year. This includes reduced projected costs on Dental Services where there have been a number of services cancelled for

the year-to-date. These services are expected to restart in the final quarter of the 2020 calendar year, with an anticipated increase in staffing costs going forward. In addition, work has been undertaken to update cross charging against for Ayrshire Urgent Care Services (AUCS) costs related to the Covid-19 pandemic. It is anticipated that the current level of Covid-related GP activity will continue until the end of December at this stage. In addition, increased staff turnover savings are projected for AUCS, with posts to be recruited to in the final quarter of the financial year. It is anticipated at this stage that the Primary Care Improvement Fund will outturn on budget. The Primary Care budget has increased from £79m at month 4 to £86m at month 6 and is due to confirmation of funding allocations from the Scottish Government, including Primary Care Transformation Funding, Family Health Services Covid-19 funding, Dental funding and an increase to the global sum.

b) Prison and Police Healthcare (Lead Partnership) - £0.233m projected underspend (favourable movement of £0.279m). This relates to drugs costs which were previously charged to the prison have correctly now been charged against Covid-19 and additional staffing savings.

South HSCP – projected overspend of £0.041m (£0.015m NRAC share for NAHSCP). The overspend is mainly due to an overspend in the community store.

Set Aside:

The budget for set aside resources for 2020-21 is assumed to be in line with the amount for 2019-20 (£30.094m) inflated by the 3% baseline uplift, this value was used in the absence of any updated information on the share of resources and is £30.997m.

At the time of setting the IJB budget it was noted that this may require to be updated following the further work being undertaken by the Ayrshire Finance Leads to establish the baseline resources for each partnership and how this compares to the Fair Share of resources. It was anticipated that 2020-21 would be used as a shadow year for these arrangements, however this work has been delayed due to the Covid-19 response. A further update will be provided to IJBs as this work progresses.

The annual budget for Acute Services is £355.1m. The directorate is underspent by £5.4m following allocation of the COVID-19 funds received from Scottish Government.

The year to date underspend of £5.4m is a result of:

- £7.9m of "offset savings". These are the underspends resulting from low outpatient and elective activity in the year to date.
- £2.5m of unachieved savings.

The IJBs and the Health Board have submitted a remobilisation plan outlining how activity will return to normal as far as is possible and are working together to ensure patients are looked after in the most suitable environment.

| | that time to be allocated for North Ayrshire delegated services. Following this there was a commitment to review the social care allocations in December following the change to the support through provider sustainability payments and also to pick up any potential shortfalls as there had initially been a 50% allocation for social care services due to greater uncertainty over costs (70% of estimated costs for health services were previously funded). In addition, the Health allocations for Primary Care and Mental Health Services were re-visited for HSCPs to remove the NRAC cap on allocations for these two areas, alongside this the North HSCP requested additional resources for capacity in Community Mental Health services and this has also been funded. | | | | | | | | | | |
| | Previous finance reports to IJB have outlined the chronology of funding through the year and the period 6 finance report outlined that £5.491m of funding was agreed at that time to be allocated for North Ayrshire delegated services. Following this there | | | | | | | | | | |
| | At the outset of the pandemic there was an assurance that subject to any additional expenditure being fully aligned to local mobilisation plans, including the IJB responses, reasonable funding requirements will be supported. This was on the basis that a process would be developed for these to be accurately and immediately recorded and shared with the Scottish Government. The basis of this reporting was drawn up and agreed with COSLA and Health and Social Care Partnerships. | | | | | | | | | | |

| | Shortfall | 2.242 |
| | Shortfall (excluding savings) | 1.110 |
| | | |
| | The estimated additional costs to March 2021 compared leaves an estimated balance of £1.110m for which or allocated. | - |
| | In terms of the overall risk of currently unfunded ele | ments of the plan: |
| | There is increasing confidence that additional recently received and future expected fundi social care costs only 70% of estimated co date, further allocations are expected in Jan | ng allocations, for both health and sts to March have been funded to |

| | we have assumed through our core budget monitoring projections that the delays in savings will not be funded and these are included in financial projections, as noted in this report we are projecting breakeven on that basis; Offsetting reductions of £0.5m have not been included in the overall funding allocation and also have not been factored into the HSCP financial projections, therefore at this stage these would potentially remain available for North to redirect to any funding shortfall; The most significant area of additional Covid costs are the purchase of PPE for social care and sustainability payments for commissioned social care providers (£3.8m in total). Both areas have been implemented with an assurance that the actual costs will be fully reimbursed; The period 7 position projects an underspend of £0.8m (excluding Covid) and this does not include any assumption re the £1.5m held by the Council towards the IJB debt, this position assumes the debt repayment is made as planned, this position also incorporates estimated delays with savings delivery. |
|------|--|
| | recommended to be considered. |
| 2.14 | Provider Sustainability Payments and Care Home Occupancy Payments |
| | COSLA Leaders and Scottish Government have agreed an approach to supporting the social care sector to ensure that reasonable additional costs will be met. |
| | We have been making payments to commissioned social care providers in line with the agreed National principles for sustainability and remobilisation payments to social care providers during COVID 19. |
| | Care Home Occupancy Payments - we have engaged with older people's care homes in relation to care home occupancy payments and make regular monthly payments to care home providers with emergency faster payments being made if required. Meetings are being held with each care home to discuss ongoing sustainability and to provide support. |
| | Sustainability payments - providers are responsible for submitting a claim for additional support to the Partnership for sustainability payments and this is assessed as to what support is required on a case by case basis based on the supporting evidence provided. Each case is assessed by the same group to ensure equity and consistency across providers. |
| | In general, all payment terms have been reduced and once any payment is agreed it is being paid quicker to assist the cash flow position of providers. The assessment of some claims has been difficult due to delays with additional information and supporting evidence being submitted to support claims, hence there are a number of claims that are in process. |
| | The sustainability payments are estimated to be a significant cost in our mobilisation plan and the timely submission and assessment of claims is key to ensuring we can accurately estimate the financial cost and ensure the costs are reclaimed from the Scottish Government. |

Providers in North Ayrshire are not all strictly adhering to these timescales and we are still receiving claims dating back to the start of the pandemic, the commissioning team are working with providers to support them to submit claims.

The tables below show the support provided to date and the outstanding claims as at the end of October.

| PROVIDER SUMMARY | NCHC Care Homes | Other | Total |
|-------------------------------|--------------------|-------|-------|

* payments to end of October

A significant level of financial support has been provided to our commissioned providers, in particular older people's care homes.

Due to concerns re the sustainability of the social care sector the Scottish Government agreed to sustain the levels of support in November at the same level as October, i.e. for care homes paying for 50% of vacancies during the month and to continue with a planned care approach. This was agreed on the basis that a review of transitional arrangements was required to provide more targeted support to the sector, this work was undertaken with stakeholders to consider the evidence for a new arrangement from December. The group of stakeholders focussed on three main areas: overall aim of funding support for the sector during the pandemic; clarity around additional costs that may be met; and streamlining the mechanism of payments and ensuring consistency in approach across the country.

Arrangements for support have been agreed alongside guidance which sets out the criteria that need to be met for financial support, the approach for payment for care that can not be delivered, the categories of additional costs which may be met, the approach to evidencing additional costs and key principles for requesting and making payments.

The key principles of this ongoing support include:

| | impacts can b The 'planned | g the reasons why care cannot be delivered, only Covid related be funded through sustainability payments; care' approach of continuing to pay for undelivered care has been | | | | | | |
|------|--|--|--|--|--|--|--|--|
| | creatively del other HSCP | providers and HSCPs will be required to explore opportunities for ivering services in a different way, temporarily re-deploy staff into services (voluntarily), where this is not possible providers will be ccess national supports in the first place, including the potential to | | | | | | |
| | Where payment for undelivered care is agreed as the only option this will be at a reduced level depending on the type of service, for example for care homes subject to the NCHC occupancy payments will be made at 80% of the rate for all vacancies, this is dependant on care homes continuing to admit new residents where it is clinically safe to do so; The Social Care Staff Support Fund will remain in place to ensure all staff receive their full pay during a Covid related absence; and Additional reasonable costs that are incurred as a result of Covid which cannot be covered from other funding sources will be reimbursed, including for example PPE, infection prevention control and additional staffing costs. | | | | | | | |
| 3. | PROPOSALS | | | | | | | |
| 3.1 | Anticipated Outcor | nes | | | | | | |
| | action where require | y monitor the financial position will allow the IJB to take corrective ed to ensure the partnership can deliver services in 2020-21 from resource, thereby limiting the financial risk the funding partners, i.e. | | | | | | |
| | be closely monitored | and funding in relation to the Covid-19 response also require to to ensure that the IJB can plan for the impact of this and to ensure position to re-claim funding to compensate for the additional costs. | | | | | | |
| 3.2 | Measuring Impact | | | | | | | |
| | Ongoing updates to 21. | the financial position will be reported to the IJB throughout 2020- | | | | | | |
| 4. | IMPLICATIONS | | | | | | | |
| Fina | ncial: | The financial implications are as outlined in the report. | | | | | | |
| | | Against the full-year budget of £257.502m there is a projected underspend of £0.807m (0.3%). The report outlines the main variances for individual services. | | | | | | |
| | | There are a number of assumptions underpinning the projections which could change as we progress through the year. We will continue to work with services to ensure the most accurate and reliable position is reported. | | | | | | |

| | One of the main areas of risk is the additional costs related to the Covid-19 response and these are detailed in the report together with an updated position in relation to funding. |
|---------------------------------|---|
| Human Resources: | None |
| Legal: | None |
| Equality: | None |
| Children and Young People | None |
| Environmental & Sustainability: | None |
| Key Priorities: | None |
| Risk Implications: | Within the projected outturn there are various over and underspends including the non-achievement of savings. The greatest financial risk for 2020-21 is the additional costs in relation to Covid-19. |
| Community Benefits: | None |

| | 4. North Ayrshire Council and NHS Ayrshire & Arran | |

| 4. | CONSULTATION |
|-----|--|
| 4.1 | This report has been produced in consultation with relevant budget holders and the Partnership Senior Management Team. |
| | The IJB financial monitoring report is shared with the NHS Ayrshire and Arran Director of Finance and North Ayrshire Council's Head of Finance after the report has been finalised for the IJB. |
| 5. | CONCLUSION |
| 5.1 | It is recommended that the IJB: |
| | (a) notes the overall integrated financial performance report for the financial year 2020-21 and the overall projected year-end underspend of £0.807m at period 7; (b) notes the updated estimated costs of the Covid mobilisation plan of £8.5m, including savings delays, and the associated funding received to date; and (c) note the financial risks for 2020-21, including the impact of Covid 19, and that there is no recommendation at this time to implement a formal Financial Recovery Plan for the IJB. |

2020-21 Budget Monitoring Report – Detailed Variance Analysis

| | Budget £000's | Outturn £000's | Over/ (Under) Spend Variance £000's | |
|---------------------------------|------------------|-------------------|---|---|
| COMMUNITY CARE AND HEALTH | 69,373 | 68,434 | (939) | |
| | | | | Older People care homes inc respite - underspend of £0.510m based on 746 placements and including an under recovery of income from Charging Orders of £250k. |
| Locality Services | 27,988 | 27,636 | (352) | Independent Living Services : * Direct Payment packages- overspend of £0.079m on 62 packages. |
| | | | | * Residential Packages - underspend of £0.029m based on 37 packages. * Community Packages (physical disability) - overspend of £0.153m based on 49 packages . |
| Community Care Service Delivery | 27,508 | 27,289 | (219) | |
| | | | | Direct Payments - underspend £0.135m to year end on 30 packages, including some spend to work towards clearing current waiting list. |
| Rehabilitation and Reablement | 3,513 | 3,371 | | Aids and Adaptations - underspend of £0.150m an adverse movement from P6 of £0.105m based on ability to enter service user's homes to begin assessments and carry out works. |
| Long Term Conditions | 6,861 | 6,549 | (312) | Carers Centre - projected underspend of £0.443m Anam Cara - projected overspend in employee costs of £0.050m due to pilot of temporary post with a view to making longer term savings in bank & casual hours. |
| Integrated Island Services | 3,503 | 3,589 | 86 | Employee Costs - Montrose House now reported under Arran Servcies with a projected overspend of £0.063m. |

| | Budget £000's | Outturn £000's | Over/ (Under) Spend Variance £000's | |
|-------------------------|------------------|-------------------|---|--|
| MENTAL HEALTH SERVICES | 77,927 | 78,513 | 586 | |
| Learning Disabilities | 19,085 | 20,881 | 1,796 | Residential Packages- overspend of £0.285m based on 41 current packages. Community Packages (inc direct payments) - overspend of £0.870m based on 32 current packages. |
| Community Mental Health | 6,370 | 6,188 | (182) | Community Packages (inc direct payments) and Residential Packages - underspend of £0.101m based on 96 community packages, 12 Direct Payments and 29 residential placements. |
| Addictions | 2,816 | 2,827 | 11 | Outwith the threshold for reporting |
| Lead Partnership (MHS) | 49,656 | 48,617 | (1,039) | Adult Community - underspend of £0.143m due to vacancies. Adult Inpatients- overspend of £0.583m due to a delay in closing the Lochranza wards, revised assumptions on redeployed staff and an under recovery of bed sale income. UNPACs - overspend of £0.069m based on current placements and assumed service level agreement costs. Elderly Inpatients - underspend of £0.050m which includes the part year impact of thr £0.934m of unallocated funding following the elderly MH review. CAMHS - underspend of £0.305m due to vacancies. MH Admin - underspend of £0.309m due to vacancies. Psychiatry - underspend of £0.490m due to vacancies. MH Pharmacy - underspend of £0.220m mainly within substitute prescribing. Psychology- underspend of £0.450m due to vacancies. |

Appendix B

| | Budget £000's | Outturn £000's | Over/ (Under) Spend Variance £000's | |
|--|------------------|-------------------|---|--|
| CHIDREN'S AND JUSTICE SERVICES | 36,003 | 36,258 | 255 | |
| Irvine, Kilwinning and Three Towns | 3,184 | 3,036 | (148) | Transports costs - Projected underspend of £0.038m due a reduction in spend in Staff Mileage costs Cornerstone Respite - Projected underspend of £0.065m due to respite services not taking place due to COVID |
| Garnock Valley, North Coast and Arran | 1,268 | 1,155 | (113) | Employee Costs - Projecting £0.059m underspend due to a substantive post being vacant. This will be offsetting an overspend in employee Costs within Quality Improvement. Transports costs - Projected underspend of 0.008m due a reduction in spend in Staff Mileage costs. Cornerstone Respite - Projected underspend of £0.033m due to respite services not taking place due to COVID. |
| Intervention Services | 2,350 | 2,334 | (16) | Outwith the threshold for reporting |
| Looked After and Accommodated Children Quality Improvement | 4,311 | 18,242 4,375 | 474 | Looked After Children placements - Projected underspend of £0.129m, favourable movement of £0.006m which is made up of the following:- Kinship - projected underspend of £0.166m. Budget for 370 placements, currently 343 placement but projecting 347 placements by the year end. Adoption - projected overspend of £0.045m. Budget for 69 placements, currently 73 placements and projecting 137 placements by the year end Fostering - projected online. Budget for 32 placements, currently 29 placements but projecting 28 placements by the year end Fostering Respite - Projected underspend of £0.010m which is due to respite services not taking place due to COVID Private fostering - projected underspend of £0.018m. Budget for 10 placements, currently 10 placements. IMPACCT carers - projected online. Budget for 2 placements, current number of placements is 15, assumption that 2 ending in Januarev and no further new admissions resultion in 13 placements at the year end. No secure placements. Employee Costs - Projected Underspend £0.012m due a reduction in spend in Staff Mileage costs, now basing mileage projection on actual spend this year. Community Packages - Projected Underspend of £0.074m, 108 Community Packages on establishment list. Direct Payments - Projected Underspend £0.032m Current number of packages in place is 42 and projecting an increase of further 3 packages until end of the year. Children's Residential Placements - Projected underspend of £0.012m for £0.0196m. Currently 10 Residential Placements |

| 1 | Children and Young People - External Residential Placements | Amber | 0.583 | Amber | - | 0.297 | 0.286 | Currently projecting an overspend. Some plans to move children have been impacted by COVID. Expect to have 13 places at the year-end when the original plan was to have 10 places, will impact on savings for 2021-22. |
| 2 | Adoption Allowances | Amber | 0.074 | Red | - | - | 0.074 | Current projected overspend but outcome of the adoption review still to be implemented |
| 3 | Children's Services - Early Intervention and Prevention | Amber | 0.050 | Green | 0.050 | - | - | Fully achieved, met through efficiencies across Children's services |
| <u>4</u> 5 | Fostering - Reduce external placements Community Support - Children's Care Packages | Green Amber | 0.036 0.008 | Green Green | 0.036 0.008 | - | | An underspend is projected at month 6. Tender delayed, saving can be met through budget underspend for 2020-21. Tender due to be implemented February 2022. |
| | alth and LD Services | | | | | | | |
| 6 | LD - Reduction to Sleepover Provision | Amber | 0.200 | Red | - | - | 0.200 | Cluster sleepover models centred around core supported accomodation are being considered but will be delayed. The supported accomodation build timescales have slipped due to COVID. |
| 7 | Learning Disability Day Services | Amber | 0.279 | Amber | - | 0.050 | 0.229 | The provision of day care is being reviewed to ensure is can be delivered safely. This will include a review of the staffing, a new staffing structure has been planne which will deliver the full year saving in future years bu will be delayed until January 2021. |
| 8 | Trindlemoss | Green | 0.150 | Amber | 0.150 | - | - | Fully achieved but two tenancies still to take up their place and the final tenancy has to be decided. |
| 9 | Mental Health - Flexible Intervention Service | Green | 0.008 | Green | 0.008 | - | - | Fully achieved, slightly over-delivered (£10k) |
| | I Community Care | | | | | | | I - |
| 10 | Roll out of multidisciplinary teams - Community Care and Health | Amber | 0.110 | Green | - | 0.110 | - | For 2020-21 only this saving has been added to the vacancy savings target to be met non-recurringly. There are a number of vacancies across Community Care and Health but at this stage the service can not identify posts to be removed on a permanent basis, wi be formalised and removed from establishment from 2021-22. |
| 11 | Carers Act Funding - Respite in Care Homes | Green | 0.273 | Green | 0.273 | - | - | Fully achieved |
| 12 | Care at Home - Reablement Investment | Amber | 0.300 | Green | - | 0.300 | - | Expect to fully achieve but there is a projeced overspend due to additional TUPE costs and an increased level of service. |
| 13 | Care at Home - Efficiency and Capacity Improvement | Amber | 0.135 | Green | - | 0.135 | - | Expect to fully achieve but there is a projeced overspend due to additional TUPE costs and an increased level of service. |
| 14 | Day Centres - Older People | Amber | 0.038 | Amber | - | - | 0.038 | Day centres are currently closed and staff have been a deployed, will look for opportunities to release savings when the services re-open. |
| 15 | Charging Policy - Montrose House | Amber | 0.050 | Green | 0.025 | 0.025 | - | New charging policy in place and additional income projected to be achieved. |
| Whole Sys | | | | | | | | |
| 16 | Adults - New Supported Accommodation Models | Amber | 0.063 | Amber | - | 0.025 | | Project has slipped. Expected completion date is earl 2021. Saving was based on 5mths, Assume only 2mths are achieved |
| 17 | Adult Community Support - Commissioning of Services | Amber | 0.638 | Amber | - | 0.150 | 0.488 | Implementation of CM2000 was delayed due to Covid, expect to bring system on line for Adult providers from mid February 2021. |
| 18 | Charging Policy - Inflationary Increase | Green | 0.050 | Amber | - | 0.025 | 0.025 | Charging has been suspended during COVID 19, with the exception of care homes and community alarms, expect to bring back on line in October. |
| | CIAL CARE SAVINGS | | 3.045 | | 0.550 | 1.117 | 1.378 | |
