	West of Scotland Delivery Plan Engagement Event
	On Wednesday 28 <sup>th</sup> March 2018 there was a West of Scotland Delivery Plan Workstream Engagement Event. The event allowed colleagues to share the work already undertaken by each of the workstreams and facilitated discussions on the wider aspects of the draft Regional Health and Social Care Delivery Plan.

 Emergency Exercise

North Ayrshire Developments
North Ayrshire Children's Services Strategic Partnership Event
North Ayrshire Children's Services Strategic Partnership (NACSSP) held a development event on <b>Monday 26 March</b> at Greenwood Resource Centre. More than 70 delegates from all sectors across the CSSP were invited to discuss the progress made so far with <i>Getting it Right for You</i> , North Ayrshire Children's Services Plan (2016–20).
Corporate Parenting/Family Firm Co-ordinator
The North Ayrshire Corporate Parenting Plan was launched in October 2017. The plan included a commitment to develop a "Family Firm" policy and service. At the same time, a High Impact Leadership Project recommended the introduction of a Staff Mentoring Scheme for Looked After and Care Experienced young people.
The Corporate Parenting Group (a sub group of the Children's Services Strategic Partnership) established a short life working group to take these recommendations forward. Funding has been secured for a 12 month full time co-ordinator to oversee the Family Firm policy and implement the Staff "Well Connected" Mentoring Scheme. Mhairi McFadzean was appointed to this post and commenced on 26 <sup>th</sup> March 2018.
Breakfast for Champions – NAHSCP Staff Partnership Awards
The second Staff Partnership Awards Event "Breakfast for Champions" took place on 29 <sup>th</sup> March 2018 where we celebrated the great work of our staff and volunteers across Health and Social Care. The ceremony itself, highlighted three key things.
Firstly, the breadth and range of supports we provide across North Ayrshire with finalists and winners coming from a diverse range of service areas from Justice Services and Business Support to Children and Families and Health Visiting.
Secondly, two of our winners illustrated the positive work we are doing in the area of Recovery with Mental Health and Addictions Services featuring strongly.
And finally, the ceremony showed a clear picture of a true Health and Social Care Partnership with our Third and Independent sector colleagues also featuring strongly. From Carewatch to Cooriedoon Care Home through to Macmillan Cancer and the Scottish Centre for Personal Safety. Illustrating that Partnership theme even further, one of our own Senior Care at Home Assistants won an award in the Trailblazer Category for the work she has pioneered with colleagues from Ayrshire Hospice to improve palliative and end of life care.
