MEETING WITH SCOTTISH GOVERNMENT CABINET MINISTER FOR TRANSPORT, FIONA HYSLOP AND ARRAN STAKEHOLDERS, 21 February

On 21 February, together with North Ayrshire Council's Chief Executive, Craig Hatton, I travelled to Edinburgh to attend a meeting with the Scottish Government's Cabinet Secretary for Transport, Fiona Hyslop to discuss the Arran Ferry and subsequent impact on the island. The meeting was also attended by various Arran stakeholders.

The Cabinet Secretary acknowledged the ongoing frustrations regarding the business case development and has requested that a status report of the project be provided, outlining the various staging posts for the business case delivery.

It was also agreed that the request from stakeholders to outline a critical path with all aspects of the work and timelines to improve services (including vessels) set out. Transport Scotland officials would work on this element.

LEADER'S REPORT

Stakeholders stressed the need to set a date for the next Task Force as it was felt that this should be meeting more often and that there should be more transparency with the business case for members of the public.

TRADE UNION AND PRESS BUDGET BRIEFINGS, 22 February

On 22 February, I attended two separate budget briefings: the first with Trade Unions and the second with the Press.

The Council is facing unprecedented budget challenges due to factors that are largely beyond its control, including increased energy costs, inflation, and the Cost-of-Living crisis. These issues are being faced by councils across the country and are significantly impacting the 2024/25 budget.

COSLA LEADERS' MEETING, 23 February

On 23 February, I attended a meeting of COSLA Leaders'. It was another packed agenda which included the following items for discussion:

- 10 Year Population Health Plan
- Digital Strategy Update
- Local Government Finance
- Cruise Ship Levy
- Free School Meals – Scottish Child Payment Expansion
- Education Assurance and Minimum Learning Hours
- New Scots Refugee Integration Strategy
- National Care Service

SLARC was reconvened in April 2023 to undertake an independent review of Councillor remuneration, having last reported in 2011. The update sets out the remit set by Scottish Government and COSLA and describes how the committee engaged with local government and other stakeholders, the techniques applied, the evidence considered and the committee's findings.

SLARC was asked to consider the following: workload and responsibilities of councillors, use of social media and other technology, increase in formal committee meetings, breakdown of the average time spent carrying out duties.

LEADER'S REPORT

The recommendation by the SLARC was a proposal to set councillors' salaries at 80% of the median salary for all employees in the public sector in Scotland as published in the Annual Survey of Hours and Earnings (ASHE). This results in an annual salary of £24,561 with effect from 1 April 2024.

COMMUNITY AND LOCALITY PLANNING CONFERENCE, 24 February

I was delighted to attend the Community and Locality Planning Conference on 24 February held at the Irvine Volunteer Rooms.

As Chair of the Community Planning Partnership (CPP), as well as being a member of the Irvine Locality Partnership, I have come to appreciate the diverse range of work that we are involved in. At the Community Planning Board, partners such as Police Scotland, Scottish Fire and Rescue Services, Ayrshire College and NHS Ayrshire and Arran, work at a strategic level to look at developing ideas for our communities. But it is through our Locality Partnerships that these ideas come to fruition and where the relationships are further strengthened enabling all of us to deliver the work that is most relevant to our local communities.

VISIT TO PERSIMMON HOMES, KILWINNING SITE, 26 February

On 26 February, together with North Ayrshire Council Depute Leader, Councillor Shaun Macaulay, I was invited by Persimmon Homes to go along and look at their latest housing development site at Byrehill Grange in Kilwinning. The visit also provided the opportunity to hear about the training opportunities the company offers to young people who wish to train as apprentices.

The development will offer a variety of 426 much-needed two to four-bedroom energy-efficient new homes and will transform vacant, derelict land within the town into a vibrant new housing development which will be in line with North Ayrshire Council's sustainability ambitions.

Thank you to the Persimmon team for the invitation and for the opportunity to hear all about their ambitious plans for this latest housing development here in North Ayrshire. These new modern houses will provide warm and energy efficient homes for residents, in line with North Ayrshire Council's sustainability ambitions, as well as providing opportunities for young people to train as apprentices.

My thanks to Chris Logan, Persimmon West Scotland Managing Director and the team for inviting us along and sharing their plans with us. I look forward to revisiting the housing site upon completion.

The Workshop enabled attendees to discuss progress, within their respective services, relating to the Scottish Government “Tackling Child Poverty Delivery Plan 2022-26” which was published in March 2022.
