DOMESTIC ABUSE - DATA OVERVIEW

DOMESTIC ABUSE - DATA OVERVIEW

CONTEXT:

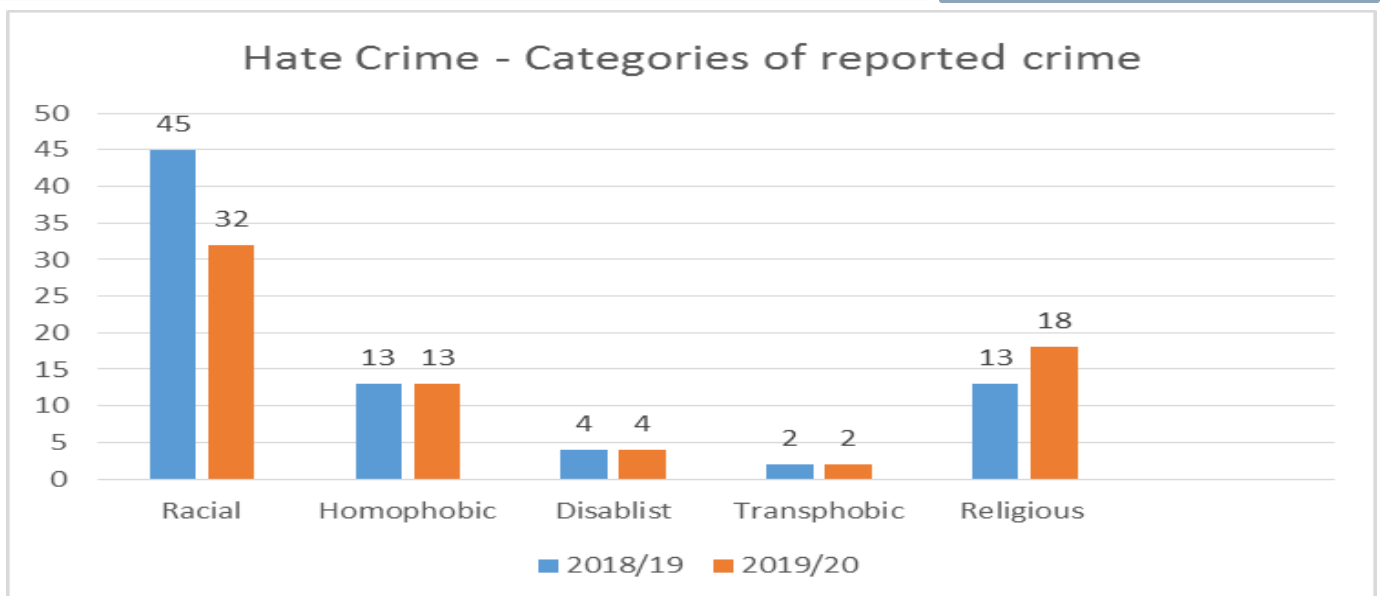

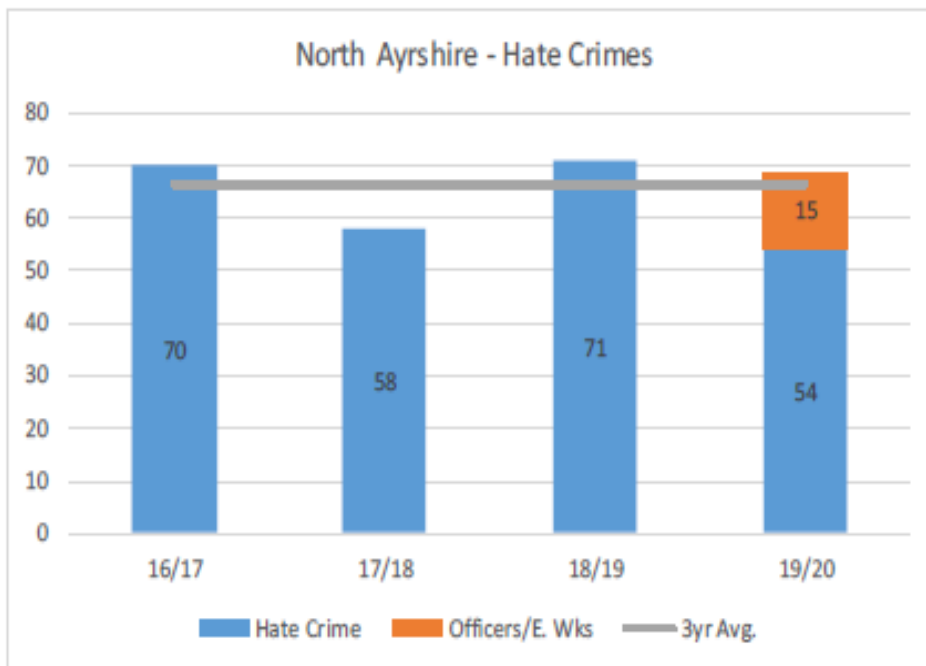

The number of domestic abuse crimes has increased compared to last year which is due to a significant increase in non-recent crimes being reported. It is a positive to see complainers coming forward to report matters which have often occurred years ago.

HATE CRIME - DATA OVERVIEW

CONTEXT:

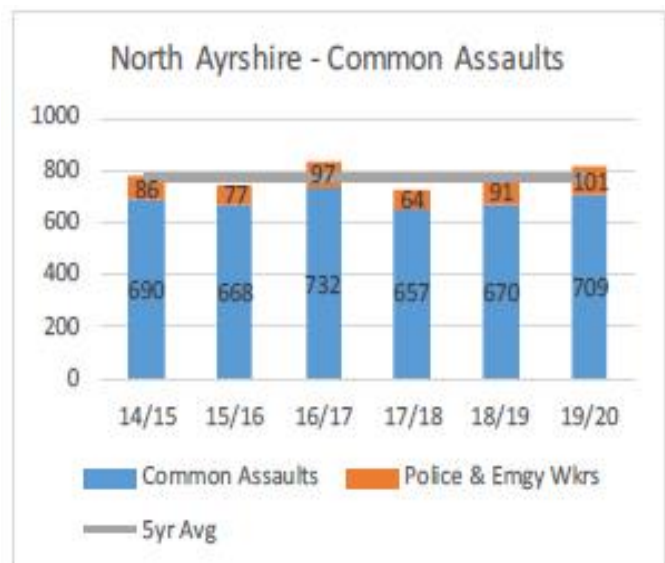

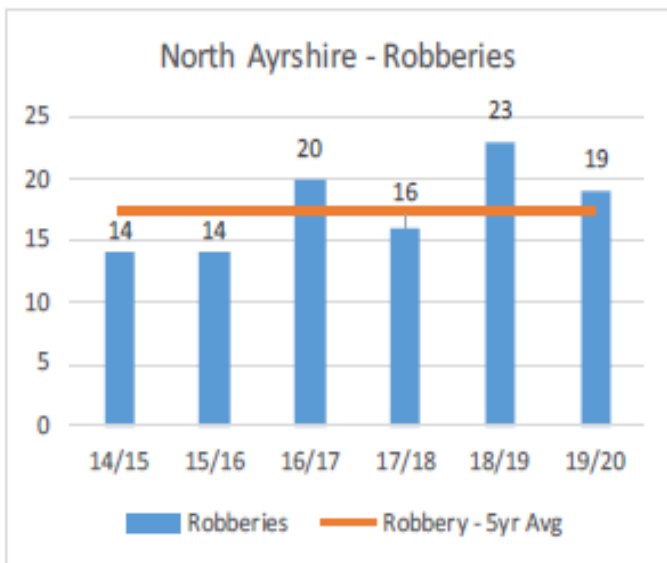

Crimes which are motivated by hate are broadly similar to last year and the 3 year average. Our officers and emergency worker colleagues are also included in these numbers. In North Ayrshire we are committed to tackling these types of crime and are actively working to increase the number of 3rd party reporting sites.

SERIOUS ORGANISED CRIME - DATA OVERVIEW

CONTEXT:

The deployment of additional resources to continue the fight against drugs and serious and organised crime across Ayrshire has seen an increase in the number of detections for drug dealing and wider misuse.

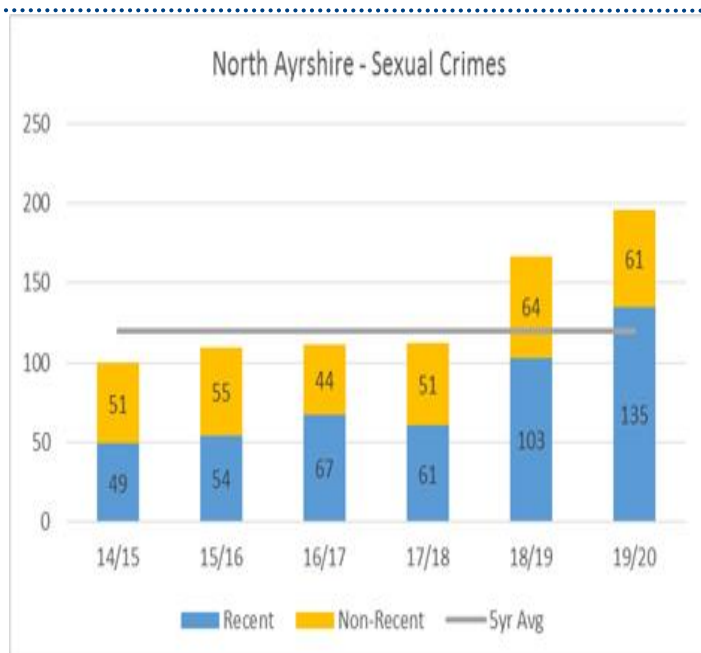

Local community officers remain at the forefront of establishing links to the community in order to gather information about the dealers to allow action to be taken against them.

Wider partnership work is well established to provide longer term solutions around the tenancies of those people who are convicted of dealing drugs.

TERRORISM & DOMESTIC EXTREMISM

CONTEXT: The UK threat level remains at SEVERE, which means an attack is highly likely and the current threat level for Northern Ireland related terrorism in Britain is SUBSTANTIAL, meaning an attack is a strong possibility.

PROTECTING PEOPLE AT RISK FROM HARM - DATA OVERVIEW

CONTEXT:

The increasing trend around sexual crime continues and is anticipated. The use of online platforms to communicate indecently continues and increased reporting of non recent crimes remains.

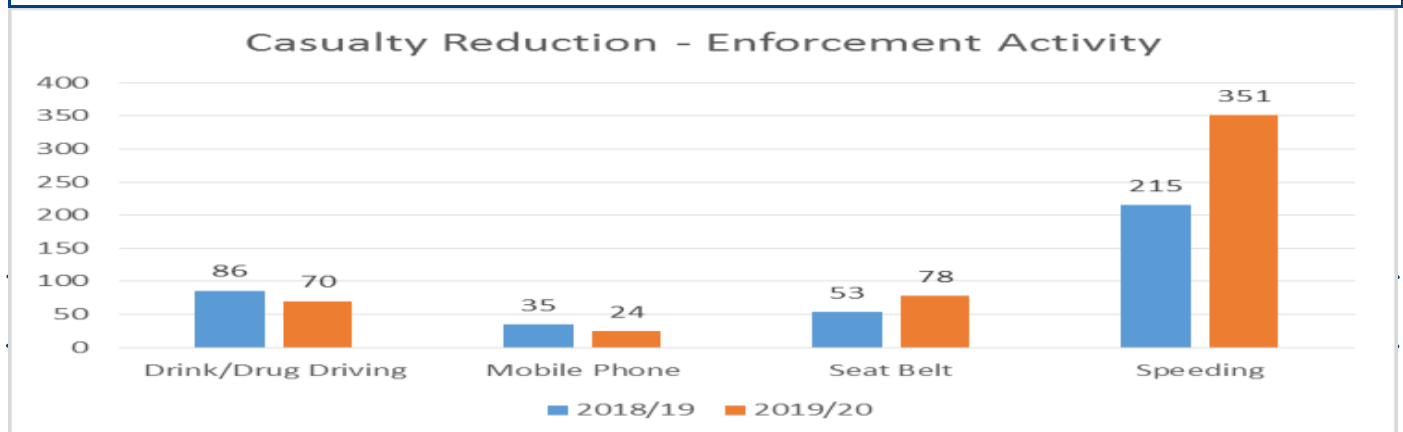

A lot of work is ongoing in our local schools through the delivery of online safety inputs by our dedicated Campus Police Officers.
