

Integration Joint Board 17th March 2022

Subject: **2021-22 – Month 10 Financial Performance**

Purpose: To provide an overview of the IJB's financial performance as at Month 10 (January) including an update on the estimated financial impact of the Covid-19 response.

Recommendation: It is recommended that the IJB:

- (a) notes the overall integrated financial performance report for the financial year 2021-22 and the current overall projected year-end underspend of £1.780m;
- (b) notes the progress with delivery of agreed savings;
- (c) notes the remaining financial risks for 2021-22, including the impact of remaining Covid-19 estimates and costs; and
- (d) approves the budget reductions which are detailed at paragraph 2.11.

Glossary of Terms	
NHS AA	NHS Ayrshire and Arran
HSCP	Health and Social Care Partnership
MH	Mental Health
CAMHS	Child & Adolescent Mental Health Services
BRAG	Blue, Red, Amber, Green
UNPACS	UNPACS, (UNPlanned Activities) – Extra Contractual Referrals
NRAC	NHS Resource Allocation Committee
GAE	Grant Aided Expenditure
PAC	Performance and Audit Committee

1.	EXECUTIVE SUMMARY
1.1	The report provides an overview of the financial position for the Partnership and outlines the projected year-end outturn position informed by the projected expenditure and income commitments; these have been prepared in conjunction with relevant budget holders and services. It should be noted that, although this report refers to the position at the end of January, further work is undertaken following the month end to finalise projections, therefore the projected outturn position is as current and up to date as can practicably be reported.

1.2	The projected outturn is a year-end underspend of £1.780m (0.65%) for 2021-22 which is a favourable movement of £0.497m since Month 9. Note that the last updated position for health was Month 7.
1.3	From the core projections, overall, the main areas of pressure are learning disability care packages, residential placements for children and Unplanned Activities (UnPACs) within the lead partnership for mental health.
2.	CURRENT POSITION
2.1	<p>The report includes an overview of the financial position including commitments against the available resource, explanations for the main budget variances, an update on progress in terms of savings delivery and plans to work towards financial balance.</p> <p>The report also includes detail of the estimated costs and potential financial impact of the Covid-19 response.</p>
	FINANCIAL PERFORMANCE – AT MONTH 10
2.2	<p>At Month 10 against the full-year budget of £270.941m there is a projected year-end underspend of £1.780m (0.65%). The Integration Scheme outlines that there is an expectation that the IJB takes account of the totality of resources available to balance the budget in year. Following this approach, an integrated view of the financial position should be taken, however it is useful to note that this overall position consists of a projected underspend of £0.392m in social care services and a projected underspend of £1.388m in health services.</p> <p>Appendix A provides the financial overview of the Partnership position. The sections that follow outline the significant variances in service expenditure compared to the approved budgets with detailed analysis provided in Appendix B.</p>
2.3	Health and Community Care Services
	<p>Against the full-year budget of £79.497m there is a projected underspend of £1.413m (1.8%) and the main variances are:</p> <p>a) Care home placements including respite placements (net position after service user contributions and charging order income) are projected to underspend by £0.334m after applying £0.318m of Covid funding, which is an adverse movement of £0.007m.</p> <p>The budgeted number of permanent placements is 790 and at month 10 there are 749 placements. The projection assumes this number of placements will continue until the end of the financial year. Within the projection there is an assumption that recent placements which do not have a completed financial assessment (often due to the pressure to discharge from hospital) are costed with 50% of the cases at the current average cost of a placement and 50% at the gross or interim funded rate. It is likely that there will still be some cases being gross or interim funded at the year end. Their actual cost will not be known until the FA1 financial assessment is completed.</p>

The level of income recovered from charging orders was under recovered during 2020-21 due to the impact the pandemic had on house sales and for 2021-22 it is assumed to be £0.383m under recovered; this will continue to be reviewed during the year. This is included in the overall projected underspend of £0.334m above.

- b) Care at home is projecting to be online after applying £2.004m (£0.559m adverse movement) of funding for additional capacity for Covid and Winter Planning. Bank staff are being offered contracts and additional staff are being recruited for the in-house service. Additionally, the capacity for care at home will continue to grow to meet the increase in demand for the service, this will be part of our longer-term ambition to shift the balance of care and funded through the recently announced Scottish Government funding (see para 2.8 below).
- c) Care at Home Charging Income is projected to under recover by £0.169m (no movement) due to the ongoing shift towards personal care which is non chargeable.
- d) Care at Home non-employee costs are projected to be online after applying £0.030m of the recently announced funding to enhance care at home capacity.
- e) Direct Payments are projected to be online after applying £0.123m (£0.047m favourable movement) of the recently announced funding to enhance care at home capacity.
- f) Residential Placements are projected to overspend by £0.230m (£0.005m favourable movement). The overspend is due to placements transferring from adult to older people services, new packages and increases to existing packages.
- g) Adaptations are projected to overspend by £0.157m (no movement) based on spend to date. Spend to date is higher due to increasing demand combined with increased costs due to supply issues.
- h) Carers Act funding is projected to underspend by £1.083m (£0.222m favourable movement). This projected position assumes charges for respite are waived per the IJB 2021-22 budget paper recommendation and a contribution is made to the increased capacity for children's respite.
- i) Day Care for Older People is projected to underspend by £0.432m (£0.007m adverse movement) as vacancies have been held whilst the service has been closed due to Covid and the unachieved saving of £0.050m is assumed to be Covid funded.
- j) Anam Cara is projected to be online after applying £0.151m of the recently announced Scottish Government funding for interim care.
- k) District Nursing is projected to overspend by £0.130m (no movement) due to an overspend on supplies.
- l) Rehab wards are projected to overspend by £0.075m which is a £0.022m favourable movement (Redburn ward £0.215m overspent and Douglas Grant £0.140m underspent). The overspend at Redburn is due to cover costs for

	vacancies as well as supplementary staffing for patients who require one to one support.
2.4	Mental Health Services
	<p>Against the full-year budget of £83.818m there is a projected overspend of £0.031m (0%). The main variances are:</p> <p>a) Learning Disabilities are projected to overspend by £1.069m (£0.027m adverse movement). The main variances are:</p> <ul style="list-style-type: none"> Care Packages (including residential and direct payments) - projected overspend of £0.702m in community care packages (£0.077m adverse movement), £0.319m in direct payments (£0.006m favourable movement) and £0.563m for residential placements (£0.027m favourable movement). <p>Community Learning Disability Care packages are proving to be one of the most challenging areas to address overspends and to project spend. This is partly due to the impact of services still remobilising in the earlier part of the year and also the impact of the roll out of the CM2000 call monitoring system. The data from CM2000 will be reported back to the service to allow them to see where care has deviated from the planned level and focus reviews to those areas.</p> <ul style="list-style-type: none"> Purchased day care is projected to underspend by £0.110m (£0.010m adverse movement) as day care services have not fully remobilised. In house day care is projected to underspend by £0.272m (adverse movement of £0.005m) as a result of reduced service provision due to Covid restrictions and the ongoing service redesign and staffing model changes. Residential Respite is projected to overspend by £0.133m (no movement) which reflects funding the new facility to full capacity and security costs prior to the facility opening. <p>b) Community Mental Health services are projected to underspend by £0.365m (favourable movement of £0.075m) and included within this are underspends of £0.426m in community packages (including direct payments) and an overspend of £0.102m for residential placements. The flexible intervention service (FIS) is projected to underspend by £0.047m due to the service being brought in house and recruitment delays.</p> <p>c) Supported Accommodation - there are potentially additional costs in relation to the upcoming supported accommodation developments. This is in relation to security, energy costs, additional adaptation costs and void rent loss during the period between the builds being completed and the service users moving in. These costs are not fully quantified but will be met by non-recurring slippage from transition care packages.</p>

d) The Lead Partnership for Mental Health is projecting to be £0.650m underspent (£0.396m favourable movement) and the main variances are as follows:

- A projected overspend in Adult Inpatients of £0.125m mainly due to staff in redeployment (£0.219m favourable movement) following the closure of the Lochranza ward. There is also reduced bed sale income of £0.130m but this is included in the quarter 3 LMP return and will be covered by Covid-19 funding.
- UNPACS is projected to overspend by £0.683m (no movement) this is based on current number of placements. These placements are for individuals with very specific needs that require a higher level of security and/or care from a staff group with a particular skill set/competence. This can necessitate an UNPlanned Activities (UNPACs) placement with a specialist provider which can be out-of-area. Applications to approve a placement are made to the Associate Medical Director for Mental Health who needs to be satisfied that the placement is appropriate and unavoidable prior to this being agreed.
- A projected underspend in MH Pharmacy of £0.120m (£0.040m adverse movement). The adverse movement is due to an increase in substitute prescribing costs.
- Learning Disability Services are projected to overspend by £0.549m (£0.070m adverse movement). This is mainly due to high usage of supplementary staffing, cross-charging for a LD patient whose discharge has been delayed and redeployment staffing costs. Supplementary staffing costs relate to backfill for sickness, increase and sustained enhanced observations and vacancies. The enhanced observations are reviewed on a daily basis however, due to the individuals being acutely unwell at present, this level of enhanced observations has been maintained for a lengthy period of time.
- Daldorch charging income is projected to under recover by £0.156m (no movement). Previously income was received from other Health Boards for out of area Children/Young Persons attending Daldorch but the service has been redesigned and is no longer chargeable as it is not an education provider.
- The turnover target for vacancy savings for the Lead Partnership is held within the Lead Partnership as this is a Pan-Ayrshire target. There is a projected over-recovery of the vacancy savings target of £1.763m (£0.271m favourable movement) in 2021-22, further information is included in the table below:

Vacancy Savings Target	(£0.400m)
Projected to March 2022	£2.163m
Over/(Under) Achievement	£1.763m

The current projection to the year-end is informed by the recruitment plans and the confidence in recruitment success and realistic timescales for filling individual vacancies.

The main areas contributing to this vacancy savings position are noted below:

- Adult Community Health services £0.160m
- Elderly Inpatients £0.340m
- CAMHS £0.543m
- Mental Health Admin £0.280m
- Psychiatry £0.340m
- Psychology £0.450m
- Associate Nurse Director £0.050m

2.5	Children and Justice Services
	<p><u>Children's Services</u></p> <p>Against the full-year budget of £36.971m there is a projected overspend of £1.319m (3.6%). The main variances are:</p> <p>a) Care Experienced Children and Young People is projected to overspend by £1.570m (£0.079m adverse movement). The main areas within this are noted below:</p> <ul style="list-style-type: none"> • Children's residential placements are projected to overspend by £2.042m (£0.089m favourable movement) prior to Covid funding and projected to overspend by £1.289m after £0.783m of Covid funding. We started 21/22 with 17 placements which included 1 in Secure but this increased to 22 (including 1 secure) by month 10. Of these placements two are assumed to be discharged in February taking the placement numbers to 20 by the end of year. • Fostering placements are projected to underspend by £0.219m (£0.012m favourable movement) based on the budget for 131 places and 116 actual placements (of which 6 are Covid related and are funded through the Covid-19 mobilisation plan) since the start of the year. Recruitment of foster carers is an active priority for the team, both to limit the requirement for external foster placements and reduce pressures elsewhere on the service. This is promoted through regular targeted recruitment campaigns, community awareness raising and daily presence on various social media platforms. Our active recruitment strategy is gaining some interest and we are actively pursuing a number of enquiries as a result. • Fostering Xtra placements are projected to be £0.074m underspent (no movement) after £0.086m of Covid funding. The projection is based on the budget for 33 placements and 26 actual placements since the start of the year. • Private Fostering placements are projected to be £0.147m overspent (£0.012m favourable movement) based on the budget for 10 placements and 16 actual placements since the start of the year. • Kinship placements are projected to overspend by £0.088m (£0.009m favourable movement) based on the budget for 353 places and 354 actual placements since the start of the year. The number of placements was higher during the first six months of the year hence the level of overspend. • Adoption placements are projected to overspend by £0.099m (no movement) based on the budget for 57 places and 69 actual placements since the start of the year. <p>b) Children with disabilities – residential placements are projected to underspend by £0.058m (£0.012m favourable movement) based on 7 placements which are expected to continue until the end of the year.</p> <p>c) Residential respite – placements are projected to overspend by £0.496m (adverse movement of £0.109m) due to short-term placements continuing longer than previously projected. These short-term placements are used to prevent an admission to full residential care.</p> <p>d) Transport costs – projected underspend of £0.066m (£0.002m favourable movement) due to less mileage being incurred.</p>

	<p><u>Justice Services</u></p> <p>Against the full-year budget of £2.430m there is a projected underspend of £0.140m (6%). This projected underspend is not included in the overall projection as it will need to be paid back to the Scottish Government as a ring-fenced grant.</p>												
2.6	<p>ALLIED HEALTH PROFESSIONALS (AHP)</p> <p>AHP services are projected to underspend by £0.095m (£0.029m adverse movement) due to underspends in non-employee costs.</p>												
2.7	<p>MANAGEMENT AND SUPPORT</p> <p>Management and Support Services are projected to underspend by £1.437m (£0.003m favourable movement). The main areas of underspend are:</p> <ul style="list-style-type: none">• £0.353m relates to funding set aside for unscheduled care. £0.277m of this funding is uncommitted and £0.076m relates to the enhanced hospital social work team only incurring part year costs.• There is also an over-recovery of payroll turnover of £0.551m for health services as outlined in para 2.9 below.• Slippage of £0.802m in funding set aside for transition packages and the balance of funding from the living wage allocation.												
2.8	<p>ADDITIONAL SCOTTISH GOVERNMENT FUNDING</p> <p>The Scottish Government confirmed on 5 October 2021 a range of measures and new investment that is being put in place to help protect health and social care services over the winter period, and to provide longer term improvement in service capacity across health and social care systems.</p> <p>This funding is predicated on four key principles:</p> <ul style="list-style-type: none">• Maximising Capacity.• Ensuring Staff Wellbeing.• Ensuring System Flow and• Improving Outcomes. <p>On 4th November the Scottish Government announced additional funding to support this. It is expected that NHS Boards, Integration Authorities and Local Authorities will work collaboratively to ensure a whole system response.</p> <p>Specifically it covers the areas below but the Scottish Government have confirmed that there will be flexibility across the funding streams:</p> <table><tr><th></th><th>National Funding 21/22 £m</th><th>NAHSCP Share 21/22 £m</th><th>National Funding 22/23 £m</th></tr><tr><td>Interim care arrangements*</td><td>40</td><td>1.109</td><td>20</td></tr><tr><td>Enhanced care at home capacity</td><td>62</td><td>1.719</td><td>124</td></tr></table>		National Funding 21/22 £m	NAHSCP Share 21/22 £m	National Funding 22/23 £m	Interim care arrangements*	40	1.109	20	Enhanced care at home capacity	62	1.719	124
	National Funding 21/22 £m	NAHSCP Share 21/22 £m	National Funding 22/23 £m										
Interim care arrangements*	40	1.109	20										
Enhanced care at home capacity	62	1.719	124										

Increase hourly rate to £10.02 for adult social care staff employed by commissioned providers	48	0.866	144
Enhancing Multi-Disciplinary Teams (MDTs)	20	0.555	40
TOTAL	170	4.249	328

*non-recurring beyond 2022/23.

£0.857m of this funding is included in the reported position at Month 10 to offset spend in some areas.

The underspend on these additional Scottish Government funds at the year-end will be earmarked and held in reserve for use in 2022/23.

2.9 Turnover/Vacancy Savings

The turnover targets and projected achievement for the financial year for Health and Social Care services out with the Lead Partnership is noted below:

	Social Care	Health Services
Vacancy Savings Target	(2.014m)	(0.655m)
Projected to March 2022	2.014m	1.206m
Over/(Under) Achievement	0.000m	0.551m

The position in the table above reflects the assumption in the current financial projections. For social care a total of £1.776m (88% of annual target) has been achieved to date. It is anticipated that the level of vacancies will continue at this rate to the financial year-end, the full annual target will be met.

The health vacancy projection to the year-end is based on the month 10 position and is informed by the recruitment plans and confidence in recruitment to posts for the remainder of the year.

The areas contributing to the health and social care vacancy savings are spread across a wide range of services with vacancy savings being achieved in most areas, however, the most significant areas are:

- Management and Support £0.368m
- Care experience young people £0.289m
- Locality services £0.278m
- Intervention services £0.160m

There have been no intentional plans during the pandemic to pause or delay recruitment and services have actively continued to recruit, in some areas this has proven difficult to fill posts.

The turnover target for the North Lead Partnership for Mental Health services is detailed within the Lead Partnership information at section 2.4.

2.10

Savings Progress

a) The approved 2021-22 budget included £2.528m of savings.

BRAG Status	Position at Budget Approval £m	Position at Month 10 £m
Red	-	0.552
Amber	0.204	0.050
Green	2.324	0.650
Blue	-	1.276
TOTAL	2.528	2.528

b) The main areas to note are:

i) Red savings of £0.450m relating to reducing children’s residential placements, £0.066m adoption allowances and £0.036m external fostering placements, all of which are projected to overspend.

ii) Whilst all savings remain on the plan to be delivered there are delays with some savings with delays in implementation due to Covid-19, for example the savings in relation to day care for adults and older people. These savings of £0.138m are noted as blue as they will be achieved through vacancies rather than service design and are not included in the projected position as it is assumed they will be funded by Covid funding.

iii) The confidence with some savings has reduced since the budget was set due to the ongoing impact of Covid-19, for example Care at Home related savings. These savings been superseded by the additional Scottish Government Funding.

Appendix C (i) shows the full Transformation Plan for 2021/22 which has been agreed by the Transformation Board; the Board is in place to provide oversight and governance to the programme of service change. A focus of the Board is to ensure plans are in place to deliver savings and service change, with a solution focussed approach to bringing programmes back on track.

Not all the service changes on the Transformation Plan have savings attached to them but there is an expectation that they will lead to service improvements. The Plan is critical to the ongoing sustainability and safety of service delivery and to supporting the delivery of financial balance in future.

Appendix C (ii) provides an overview of those service changes which do have financial savings attached to them and the current BRAG status around the deliverability of each saving.

The unachieved savings due to Covid-19 have been reflected in the overall projected outturn position as it is assumed the savings delays would be compensated with additional funding. The delays were included in the mobilisation plan return to the Scottish Government.

2.11	Budget Changes
	<p>The Integration Scheme states that <i>“either party may increase it’s in year payment to the Integration Joint Board. Neither party may reduce the payment in-year to the Integration Joint Board nor Services managed on a Lead Partnership basis.... without the express consent of the Integration Joint Board”</i>.</p> <p>Appendix D highlights the movement in the overall budget position for the Partnership following the initial approved budget.</p> <p>Reductions Requiring Approval:</p> <ol style="list-style-type: none"> 1) MSK Physio and materials to East - £0.008m 2) Trauma Funding to Capital - £0.307m 3) Training Grade adjustment - £0.013m 4) GMS LDS Transfer to East - £0.007m 5) District Nurse Bladder Scanners to Capital - £0.023m 6) CAMHS transfer to Capital - Ward 1b £0.082m
2.12	NHS – Further Developments/Pan Ayrshire Services
	<p><u>Lead Partnerships:</u></p> <p>The IJB outturn position is adjusted to reflect the impact of Lead Partnership services. The outturn for all Lead Partnership services is shared across the 3 Partnerships on an NRAC basis; this position is currently the default pending further work to develop a framework to report the financial position and risk sharing across the 3 Partnerships in relation to hosted or lead service arrangements, which has been delayed by the requirement to focus efforts on the Covid response.</p> <p>The final outturn in relation to North Lead Partnership services would not be fully attributed to the North IJB as a share would be allocated to East and South Partnerships; similarly, the impact of the outturn on East and South led services will require to be shared with North. At Month 10 the MH lead partnership is projected to underspend by £0.650m (£0.211m NRAC share for East and £0.200m for South).</p> <p>East and South HSCP do not report at Month 10 which means there is no change from the information reported below which is Month 9 for East and Month 6 for South.</p> <p>East HSCP – projected underspend of £1.678m (£0.604m NRAC share for NA IJB). The main areas of variance are:</p> <ol style="list-style-type: none"> a) <u>Primary Care and Out of Hours Services</u> <p>There is a projected underspend of £1.352m on the Primary Care Lead Partnership budget. The projected underspend includes savings in Dental Services due to reduced service provision with an anticipated increase in staffing costs going forward. There are reduced projected costs in Ayrshire Urgent Care Services</p>

(AUCS) with work being undertaken to cross charge costs related to the Covid-19 pandemic against the Local Mobilisation Plan (Community Clinical Hub). The projected underspend on AUCS assumes a similar level of cross charging from August until December this year with further consideration of the Covid-19 position at that stage. The level of GP activity will continue to be closely monitored going forward. Savings in Primary Care contract administration are also contributing to the projected underspend. This projected underspend is the anticipated outturn position based on all available information at Month 9. Activity continues to be extremely fluid, and the delegated budget will continue to be closely monitored with movements highlighted in future reports to the three Ayrshire IJBs.

It is anticipated that the Primary Care Improvement Fund will outturn on budget. The sum of £1.272m has been brought-forward as an earmarked balance within the IJB Reserve and will be used to meet initial East Ayrshire spending plans and priorities being taken forward to meet agreed outcomes. Sums of £0.935m and £0.732m have been brought-forward from 2020/21 by North and South Ayrshire IJBs respectively to meet their own priorities and outcomes.

Prison and Police Healthcare (Lead Partnership)

The £0.339m projected underspend is largely due to net staffing savings. In addition, the medical contracts at both Prison and Police have reduced and is contributing to the projected underspend.

South HSCP – projected overspend of £0.021m (£0.008m NRAC share for NAHSCP). The overspend is mainly due to an overspend in the community store and continence service offset by vacancies in the Family Nurse Partnership.

Set Aside:

The budget for set aside resources for 2021-22 is assumed to be in line with the amount for 2020/21 (£33.054m) inflated by the 2.8% baseline uplift. The 2020/21 value was based on 2019/20 activity as 2020/21 was not considered representative.

At the time of setting the IJB budget it was noted that this may require to be updated following the further work being undertaken by the Ayrshire Finance Leads to establish the baseline resources for each Partnership and how this compares to the Fair Share of resources. It was anticipated that 2020-21 would be used as a shadow year for these arrangements, however this work has been delayed due to the Covid-19 response. A Q2 set aside update for 2021/22 has been issued to IJBs and Q3 is imminent. A method of capturing up to date local activity and pricing it for set aside calculations is now in place, subject to IJB review and refinement.

The annual budget for Acute Services is £379.9m. The directorate is overspent by £2.0m, caused by increasing overspends on agency medical and nursing staff, as well as overtime and bank usage. These have been required due to the level of operational pressure being experienced, in common with many other areas in Scotland at present.

There is a material underlying deficit caused by:

- Unachieved efficiency savings
- High expenditure on medical and nursing agency staff, high rates of absence and vacancy causing service pressure
- High numbers of delayed discharges

The IJBs and the Health Board work closely in partnership to maintain service and improve performance. The £300m nationally announced investment will also be used to address service pressures in acute through increased investment in community.

COVID-19 – FINANCE MOBILISATION PLAN IMPACT

2.13 Summary of position

From the outset of the pandemic the HSCP acted very swiftly to respond and developed a mobilisation plan detailing the additional activities to support our response, alongside the estimated financial impact. Financial returns were submitted to the Scottish Government on a regular basis during 2020-21, on the premise that any additional costs aligned to mobilisation plans would be fully funded. This process has continued during 2021-22. There is a risk that if the full cost of the Covid-19 response is not funded that the IJB may require to recover any overspend in-year, however, the most recent update from the Scottish Government is that the costs including reasonable unachieved savings will be fully funded.

2.14 Mobilisation Plan

The initial 2021-22 mobilisation plan cost submission was submitted in February and estimated the costs to be £5.481m to March 2022. The quarter 3 return updated these costs to £8.850m. The costs remain estimates as the situation continually evolves and there will be a further update submitted after quarter 4.

The local finance mobilisation plan submission is included as Appendix E. The main areas of cost together with the movement over the period are summarised below:

Service Area	Initial 2021-22 Return £m	Quarter 1 Update £m	Quarter 2 Update £m	Quarter 3 Update £m	Change from Q2 £m
Payments to Providers	0.750	2.421	2.119	2.854	0.735
PPE	2.000	2.000	0.581	0.472	(0.109)
Additional Staff	1.459	1.901	3.704	3.309	(0.395)
Mental Health	1.172	1.172	0.000	0.000	0.000
Loss of Income	0.100	0.430	0.480	0.569	0.089
Unachieved Savings	-	0.138	0.138	0.138	0.000
Children & Families	-	-	0.949	0.914	(0.035)
Other Areas	-	0.217	0.396	0.594	0.198
TOTAL	5.481	8.279	8.367	8.850	0.483

The most recent changes to estimated costs are in relation to:

- Increased sustainability payments to providers to reflect recent claims including some backdated claims;
- Reduced PPE costs as more PPE is being sourced from the national hub at no cost; and
- Reduced staff costs to reflect that some costs can now be met from other sources.

2.15	Covid-19 Funding Position
	<p>At the outset of the pandemic there was an assurance that subject to any additional expenditure being fully aligned to local mobilisation plans, including the IJB responses, reasonable funding requirements will be supported. This was on the basis that a process would be developed for these to be accurately and immediately recorded and shared with the Scottish Government. The basis of this reporting was drawn up and agreed with COSLA and Health and Social Care Partnerships.</p> <p>The Scottish Government are continuing to work with Health Boards and IJBs to review and further revise financial estimates. This will allow identification of the necessary additional support required with an expectation that an allocation to bring funding up to 100% will be provided. On this basis the overall financial risk to the IJB for 21-22 is minimised.</p>
2.16	Provider Sustainability Payments and Care Home Occupancy Payments
	<p>COSLA Leaders and Scottish Government have agreed an approach to supporting the social care sector to ensure that reasonable additional costs will be met. We have been making payments to commissioned social care providers in line with the agreed national principles for sustainability and remobilisation payments to social care providers during COVID 19.</p> <p>Care Home Occupancy Payments - we have engaged with older people's care homes in relation to care home occupancy payments and make regular monthly payments to care home providers with emergency faster payments being made if required. The Scottish Government ceased these payments at the end of October 2021. Meetings are being held with each care home to discuss ongoing sustainability and to provide support.</p> <p>Sustainability payments - providers are responsible for submitting a claim for additional support to the Partnership for sustainability payments and this is assessed as to what support is required on a case-by-case basis based on the supporting evidence provided. Each case is assessed by the same group to ensure equity and consistency across providers.</p> <p>In general, all payment terms have been reduced and once any payment is agreed it is being paid quicker to assist the cash flow position of providers. The assessment of some claims has been difficult due to delays with additional information and supporting evidence being submitted to support claims, hence there are a number of claims that are in process.</p> <p>The sustainability payments are estimated to be a significant cost in our mobilisation plan and the timely submission and assessment of claims is key to ensuring we can accurately estimate the financial cost and ensure the costs are reclaimed from the Scottish Government.</p> <p>Providers in North Ayrshire are not all strictly adhering to these timescales, and we are still receiving backdated claims; the commissioning team are working with providers to support them to submit claims. The tables below show the support provided to date and the outstanding claims as at the end of January.</p>

The current financial sustainability principles (excluding care home occupancy payments), guidance and criteria have now been extended until 30th June 2022.

PROVIDER SUMMARY	NCHC Care Homes	Other	Total
Total Number of Providers	17	49	66
Number contacting NAC	17	30	47
Providers Supported to date	17	17	34

OUTSTANDING CLAIMS	NCHC Care Homes	Other	Total
Total Number of Claims	5	5	10
Value of Claims	48,090	160,371	208,462

SUPPORT PROVIDED	NCHC Care Homes	Other Services	TOTAL
	£	£	£
Occupancy Payments up to October 2021	1,099,145	-	1,099,145
Staffing	767,022	103,226	870,248
PPE, Infection Control	393,744	119,017	512,760
Other	150,923	60,735	211,658
TOTAL	2,410,834	282,977	2,693,811

Arrangements for support have been agreed alongside guidance which sets out the criteria that need to be met for financial support, the approach for payment for care that cannot be delivered, the categories of additional costs which may be met, the approach to evidencing additional costs and key principles for requesting and making payments. The key principles of this ongoing support include:

- Understanding the reasons why care cannot be delivered, only Covid related impacts can be funded through sustainability payments;
- The 'planned care' approach of continuing to pay for undelivered care has been removed and providers and HSCPs will be required to explore opportunities for creatively delivering services in a different way, temporarily re-deploy staff into other HSCP services (voluntarily), where this is not possible providers will be required to access national supports in the first place, including the potential to furlough staff;
- Where payment for undelivered care is agreed as the only option this will be at a reduced level depending on the type of service, for example for care homes subject to the NCHC occupancy payments will be made at 80% of the rate for all vacancies, this is dependent on care homes continuing to admit new residents where it is clinically safe to do so;
- The Social Care Staff Support Fund will remain in place to ensure all staff receive their full pay during a Covid related absence; and

- Additional reasonable costs that are incurred as a result of Covid which cannot be covered from other funding sources will be reimbursed, including for example PPE, infection prevention control and additional staffing costs.

2.17 RESERVES

The IJB reserves position is outlined in the table below.

The 'free' general fund balance of £4.151m is held as a contingency balance, this equates to around 1.6% of the IJB budget for 2021-22. If the current projected underspend is maintained to the year-end, the free general fund balance will be around 2%, which is the minimum recommended level.

£1.486m is held by the Council to support a further repayment of debt at the end of 2021-22 and this is not reflected in the financial projection. This position will continue in future years until the debt is cleared.

	General Fund Reserves		Earmarked Reserves		Total
	Debt to NAC £m	Free GF £m	SG Funding £m	HSCP £m	£m
Opening Balance - 1 April 2021	(3.807)	4.151	5.487	0.681	6.512
Prior Year Adjustment	-	-	1.245	-	1.245
Revised Opening Balance	(3.807)	4.151	6.732	0.681	7.757
Earmarked as follows:					
: Primary Care Improvement Fund			0.935		
: Mental Health Action 15			0.224		
: Alcohol and Drugs Partnership			0.336		
: Community Living Change Fund			0.513		
: Covid Funding			4.724		
: Challenge Fund				0.500	
: 2021-22 Budget Gap				0.181	

3. PROPOSALS

3.1 Anticipated Outcomes

Continuing to closely monitor the financial position will allow the IJB to take corrective action where required to ensure the Partnership can deliver services in 2021-22 from within the available resource, thereby limiting the financial risk to the funding partners.

The estimated costs and funding in relation to the Covid-19 response also require to be closely monitored to ensure that the IJB can plan for the impact of this and to ensure that the IJB is in the position to re-claim funding to compensate for the additional costs.

3.2	<u>Measuring Impact</u>	
	Ongoing updates to the financial position will be reported to the IJB throughout 2021-22.	
4.	IMPLICATIONS	
Financial:	The financial implications are as outlined in the report. Against the full-year budget of £270.941m there is a projected underspend of £1.780m (0.65%). The report outlines the main variances for individual services.	
Human Resources:	The report highlights vacancy or turnover savings achieved to date. Services will review any staffing establishment plans and recruitment in line with normal practice when implementing service change and reviews as per agreement with the IJB, there is no intention to sustain this level of staffing capacity reduction on a recurring or planned basis.	
Legal:	None	
Equality:	None	
Children and Young People	None	
Environmental & Sustainability:	None	
Key Priorities:	None	
Risk Implications:	Within the projected outturn there are various over and underspends including the non-achievement of savings.	
Community Benefits:	None	
Direction Required to Council, Health Board or Both	Direction to: -	
	1. No Direction Required	
	2. North Ayrshire Council	
	3. NHS Ayrshire & Arran	
	4. North Ayrshire Council and NHS Ayrshire & Arran	√
5.	CONSULTATION	
5.1	<p>This report has been produced in consultation with relevant budget holders and the Partnership Senior Management Team.</p> <p>The IJB financial monitoring report is shared with the NHS Ayrshire and Arran Director of Finance and North Ayrshire Council's Head of Finance after the report has been finalised for the IJB.</p>	
6.	CONCLUSION	
6.1	<p>It is recommended that the IJB:</p> <p>(a) notes the overall integrated financial performance report for the financial year 2021-22, the overall projected year-end underspend of £1.780m;</p> <p>(b) notes the progress with delivery of agreed savings;</p> <p>(c) notes the remaining financial risks for 2021-22, including the impact of remaining Covid-19 estimates and costs;</p>	

	(d) approves the budget reductions which are detailed at para 2.11.
