7. Urgent Items

The Chair agreed that the following item be considered as a matter of urgency to allow the Board to receive up-to-date information.

7.1 Scottish Government Recovery and Renewal Fund

Recent funding has been allocated by the Scottish Government of £120m for the Recovery and Renewal Fund. Within this is a sum of £15m for a Community Mental Health and Wellbeing Fund and North Ayrshire have been allocated a share of this funding in the amount of £407,213.24.

The funding will provide significant investment in community support for adults and the aim of the fund is to promote and develop good mental health and wellbeing and to mitigate and protect against the impact of distress. It also aims to tackle the issues within the Scottish Government's Transition and Recovery Plan with overarching themes around suicide prevention, social isolation and loneliness prevention and early intervention and to address mental health inequalities exasperated by the pandemic for specific at risk groups.

The TSIs will be responsible for fund administration, capacity building, monitoring and evaluation with a strong focus on collaboration. A Steering Group of partners has been established to work towards a Local Plan and process for applications for funding and full guidance from the Scottish Government is awaited.
